PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Performed frontline support for onboard systems, acting as the initial point of contact for depot staff reporting issues with **ticket machines** and related equipment, resolving **70%** of reported incidents at the first level.
- Executed basic troubleshooting on **onboard equipment** including **restarting devices**, updating settings, and reviewing status, ensuring buses met daily operational readiness targets.
- Managed the logging of all technical issues within **ServiceNow**, accurately categorizing problems and escalating complex cases to central support teams, reducing average resolution time by **15%**.
- Replaced faulty **ticketing equipment** and **SIM cards**, meticulously maintaining logs of replacements and equipment locations to ensure accurate inventory tracking.
- Assisted with the deployment of new **software updates** and regular equipment health checks across a fleet of **500+ vehicles**, verifying connectivity and software versions.
- Maintained detailed records of **faulty equipment**, preparing items for collection by suppliers and ensuring sufficient **spare equipment** was available daily to prevent service delays.

SKILLS

Support & Troubleshooting – First Line Support, Technical Support, Onboard Systems, Ticket Machines, Device Troubleshooting, Software Updates, Hardware Replacement, SIM Card Replacement, Equipment Audits, Routine Checks, Health Checks.

Systems & Tools – **ServiceNow**, **Jira**, **Confluence**, **Linux**, Shell Scripting, Cron Jobs, Git, Jenkins.

Hardware & Networking – Onboard Equipment, Communication Devices, CCTV, WiFi, Connectivity Checks, Power Management, Basic Diagnostics.

Data Management – Record Keeping, Log Maintenance, Inventory Tracking, Spare Stock Management, Equipment Performance Reporting, Data Validation.

Operational Support – Depot Operations, Service Delivery, Incident Logging, Escalation Procedures, Cross-functional Collaboration, Maintenance Coordination, Supplier Coordination.

Driving – Category B Driving Licence.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Fleet Operations Monitoring Dashboard

- Developed a **Power BI** dashboard to visualize key operational metrics for a fleet of **500+ vehicles**, integrating data from various onboard systems.

- Created **DAX measures** for tracking equipment status, service uptime, and incident trends, providing actionable insights to operations management.
- Automated data refresh processes using **Power Query**, ensuring timely and accurate reporting for daily operational reviews and strategic planning.

Onboard System Diagnostic & Automation Tool

- Built a **Python**-based tool to automate diagnostic checks on onboard systems, reducing manual testing time by **40%**.
- Integrated the tool with **Linux** shell scripts to perform remote checks on device connectivity, software versions, and log file analysis.
- Implemented a simple REST API using **Flask** for triggering remote diagnostics and receiving status updates, facilitating integration with central monitoring platforms.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
