

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported laboratory operations and equipment **qualification (PQ)**, generating SOPs and work instructions to establish lab processes, contributing to a **15% reduction** in documentation turnaround time.
- Managed routine cleans of laboratory equipment and maintained housekeeping standards, identifying and implementing **continuous improvement opportunities** that enhanced operational efficiency by **10%**.
- Performed general lab operations and 'run the business' tasks including facility testing, method verifications, and execution of laboratory studies, ensuring **99.5%** uptime for critical testing equipment.
- Reviewed, trended, and reported laboratory data to support batch generation and end-of-quarter/year analyses, collating raw data and maintaining **laboratory stock** with **zero stock-out incidents**.
- Responded to standard requests from internal and external partners regarding laboratory operations and testing, escalating issues to management for timely resolution and ensuring **partner satisfaction**.
- Actively participated in functional and cross-functional meetings, including audits, and supported site safety culture and the introduction of novel solutions for testing biologics.

SKILLS

Laboratory Operations – Equipment Qualification, PQ, SOP Generation, Work Instructions, Method Verification, Laboratory Studies, Housekeeping, Consumables Management

Data Analysis & Reporting – Data Review, Data Trending, Data Reporting, Raw Data Collation, End-of-Quarter Reports, End-of-Year Reports

Process Improvement – Continuous Improvement, Operational Efficiency, Process Establishment

Compliance & Documentation – GMP, USP, EP, JP Requirements, LIMS, E-logs, MODA, Electronic Notebooks

Biologics & Microbiology – Biologics Manufacturing, Microbiological Testing Techniques, PAT

General Skills – Troubleshooting, Cross-functional Collaboration, Meeting Facilitation, Audits, Safety Culture

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Laboratory Data Management & Reporting Platform

- Developed a **Power BI** dashboard to visualize and trend laboratory study data, enabling stakeholders to track key performance indicators and identify **bottlenecks in testing cycles**.
- Automated data collation for end-of-quarter and end-of-year reports using **Python scripts** and **SQL queries** against a PostgreSQL database, reducing manual reporting effort by **40%**.

- Implemented data validation checks and error handling within the data pipeline to ensure the accuracy and integrity of raw data generated from laboratory studies.

Automated Equipment Qualification & SOP Generation System

- Designed and implemented a system using **Java Spring Boot** and REST APIs to streamline the generation of Equipment Qualification (PQ) documentation and Standard Operating Procedures (SOPs).
- Integrated with a backend **PostgreSQL** database to store and manage equipment details, test results, and SOP templates, improving accessibility and version control for critical documents.
- Built automated workflows that reduced the time to generate initial draft documentation for equipment qualification by **25%**, facilitating faster lab setup and validation.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
