PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed the end-to-end data management process for enterprise systems, overseeing data entry and workflow requests to ensure **compliance, accuracy, and completeness**.
- Developed and monitored learning materials for master data management, training and advising team members on **data standards** to ensure adherence to processes.
- Led initiatives for **SAP Master Data** creation and provided solutions for business issues, maintaining high standards of data quality across the value stream.
- Designed and executed **user acceptance testing (UAT)** for new SAP module introductions and data changes, coordinating with business stakeholders to achieve sign-off.
- Collaborated with cross-functional teams to resolve **master data-related issues**, ensuring no interruption to critical business operations and value streams.
- Generated regular **Master Data Quality Reports**, analyzing data to ensure local datasets maintained a high standard of accuracy and integrity.

SKILLS

SAP – COMET, Master Data Management, Material Master, BOM, Routing, Quality, Deployment, Setup

Data Governance – Data Creation, Data Quality, Data Standards, Data Lifecycle, Data Accuracy Targets, MDM Processes

Analytics & Reporting – Data Analysis, Data Interpretation, Reporting, KPI Tracking, Operational Reporting, Power BI, DAX, Tableau

Process Management – Workflow Analysis, Change Management, Incident Resolution, UAT, Training, Stakeholder Collaboration, Decision-Making

Core Technologies – SQL, PostgreSQL, Python, Java, Spring Boot, REST APIs, AWS, Linux, Jenkins, Git

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

COMET SAP Master Data Governance Platform

- Designed and implemented a **master data governance framework** for SAP COMET, focusing on Material Master data integrity and consistency.
- Developed automated data quality checks and reporting dashboards using **SQL and Power BI**, identifying and rectifying over 15% of data anomalies.

- Coordinated with supply chain and manufacturing stakeholders to define data standards and onboard new materials, ensuring **99.5% data accuracy** post-implementation.

Financial Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** by developing new Java Spring Boot microservices to process and monitor transaction message flows.
- Automated data validation and reconciliation workflows using **Python scripts**, reducing manual effort by 30% and improving error detection.
- Integrated with operational monitoring tools like **Splunk** to provide real-time alerts for failed payment messages, supporting strict SLAs for financial-services clients.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
