PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Translated complex business needs into clear, actionable requirements for a multi-year transformation programme, ensuring alignment with customer and strategic outcomes using structured analysis.
- Managed functional and non-functional specifications for enterprise platforms, ensuring completeness and accuracy by collaborating with business SMEs and technical teams.
- Coordinated User Acceptance Testing (UAT) cycles for new system deployments, including test script creation, defect management, and securing business sign-off, reducing post-deployment issues by **15%**.
- Facilitated cross-functional workshops and requirement walkthroughs, acting as a key liaison between business stakeholders and transformation delivery teams to ensure clear communication and expectation management.
- Supported deployment planning and cutover activities for enterprise system updates, coordinating business communications and readiness checkpoints to ensure smooth operational adoption.
- Identified and documented opportunities for process simplification and enhanced customer experience (CX/UX) within financial services workflows, contributing to a **10%** reduction in manual intervention.

SKILLS

Business Analysis – Requirements Elicitation, Functional Specifications, Non-Functional Specifications, UAT Strategy, Test Plans, Test Scripts, Defect Management, Stakeholder Engagement, Workshop Facilitation, Business Process Improvement, CX/UX Enhancement, Agile Methodologies, Digital Transformation

Financial Services Domain – Transformation Programmes, Regulated Environments, Operational Adoption, Financial Wellbeing Services, Income Protection, Retirement Planning, Insurance Products

Enterprise Platforms & Tools – CRM, Workflow Tools, Enterprise Platforms, Salesforce (Advantageous), Jira, Confluence

Technical Skills – SQL, Python, Java, Spring Boot, REST APIs, AWS, Docker, Linux, Git, Jenkins, Splunk, Dynatrace, Power BI, Tableau, R, pandas, NumPy, scikit-learn

Data Analytics & BI – Data Modelling, DAX Measures, Power Query, ETL, Data Warehousing, Business Intelligence, Statistical Analysis, Exploratory Data Analysis, A/B Testing, Time-Series Analysis, Machine Learning Fundamentals

Project Management & Support – Change Management, Deployment Planning, Cutover Coordination, Business Readiness, Training Needs Analysis, Analytical Support, Business Case Development

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Payments Reconciliation Dashboard

- Developed and maintained a **payments operations dashboard**, integrating data from multiple sources to provide real-time transaction monitoring and operational alerting for financial services clients.
- Automated the generation of **daily reconciliation reports** using Python scripts and SQL queries against PostgreSQL databases, reducing manual reporting effort by **30%**.
- Implemented enhanced **alerting mechanisms** for failed payment messages, improving incident response times for critical financial workflows.

Enterprise System Integration & Analytics

- Designed and implemented **REST APIs** for seamless integration between core ERP modules and customer-facing applications, facilitating data flow across interconnected enterprise systems.
- Created interactive **Power BI dashboards** to visualize key performance indicators (KPIs) for business operations, enabling stakeholders to track performance and identify areas for improvement, leading to a **12%** uplift in operational efficiency.
- Performed data validation and transformation using **Power Query** and SQL, ensuring data accuracy and consistency for downstream analytical reporting and system integrations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
