

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed and maintained **CAD data** for farm and biogas machinery, updating workshop drawings to reflect design changes and ensuring data integrity for manufacturing.
- Generated technical documentation including **user manuals and parts books**, detailing assembly procedures and component specifications for service technicians and end-users.
- Collaborated with cross-functional teams to define requirements and support user acceptance testing (UAT) for new features on enterprise business systems, improving user adoption by **15%**.
- Automated data extraction and reporting processes using **Python scripts**, reducing manual effort for generating scheduled operational reports by approximately **10 hours per week**.
- Managed production support for enterprise applications, responding to P1/P2 incidents and resolving issues within defined SLAs, achieving a **99.9% uptime** for critical financial-services dashboards.
- Designed and implemented REST APIs for integration between enterprise systems, facilitating seamless data flow across ERP modules and operational platforms, enhancing system interoperability.

SKILLS

CAD Software – Solidworks, CAD

Documentation – Technical Writing, User Manuals, Parts Books

Programming Languages – Python, Java

Databases – SQL, PostgreSQL, MySQL, Oracle

Cloud & DevOps – AWS, EC2, S3, Lambda, CloudWatch, Docker, Jenkins, Git

Tools & Methodologies – MS Office, File Management, Agile, Scrum, Jira, Confluence

Analytics & BI – Power BI, Tableau, DAX, Power Query

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Agricultural Machinery Design Data Management

- Developed a system for managing and versioning **CAD designs** for agricultural machinery, ensuring accurate tracking of modifications and revisions.
- Created automated workflows to generate **workshop drawings** and bills of materials from master CAD files, reducing manual data entry by **30%**.

- Integrated with a basic production tracking system to link component revisions to manufacturing batches, improving traceability.

Biogas Plant Operations Monitoring Dashboard

- Designed and built an interactive **Power BI dashboard** to visualize key operational metrics for biogas plants, including gas production, energy output, and feedstock levels.
- Developed complex **DAX measures** to calculate performance indicators and identify trends, enabling proactive identification of potential issues.
- Extracted and transformed data from disparate sources using **Power Query**, ensuring data quality and consistency for reliable reporting to stakeholders.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
