

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Supported the **design, implementation, and commissioning** of electrical systems for production line upgrades, ensuring adherence to project timelines and budget constraints.
- Coordinated electrical project elements across multiple manufacturing sites, managing **contractor activities** and ensuring compliance with company project management procedures.
- Contributed to the development and tracking of **project budgets and timelines**, identifying potential cost savings and efficiency improvements for energy-related initiatives.
- Provided technical electrical support to production and maintenance teams, troubleshooting issues and contributing to **continuous improvement** efforts within the engineering department.
- Assisted in the preparation of **User Requirement Specifications (URS)** and technical documentation for electrical and automation projects, facilitating clear communication with stakeholders.
- Participated in the verification and handover of **electrical distribution systems** and control panels, ensuring smooth transition to site operations teams.

SKILLS

Core Engineering – Electrical Engineering, Electrical & Electronic Engineering, Project Engineering, Automation, Industrial Electrical Systems, Building Services, Production Line Upgrades

Project Management – Project Management Procedures, SOPs, Budget Tracking, Timeline Development, Tender Documentation, Technical Evaluations, Contractor Management, Site Supervision

Technical Skills – Electrical Distribution Systems, Control Panels, Motors, Drives, Instrumentation, AutoCAD, MS Office, MS Project

Software & Tools – Jira, Confluence, Git, Jenkins, Splunk, Dynatrace, Docker

Programming & Scripting – Python, Java, SQL, Spring Boot, REST APIs

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Linux

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Automated Production Monitoring Dashboard

- Developed a **real-time dashboard** using Power BI to visualize key operational metrics for a food processing client, enhancing visibility into production throughput and downtime.

- Integrated data from multiple sources including SQL databases (**PostgreSQL**) and sensor logs via Python scripts, automating data extraction and transformation (ETL) processes.
- Implemented **DAX measures** to calculate performance indicators and identify trends, enabling proactive adjustments to optimize manufacturing workflows and reduce waste by **8%**.

Industrial Control System Upgrade Project

- Supported the upgrade of **control panels** and **motors** for a critical production line, coordinating with vendors and on-site teams to ensure timely delivery and installation.
- Assisted in the commissioning of upgraded electrical systems, performing verification tests and documenting results to confirm functionality against specifications.
- Contributed to the preparation of technical documentation and **User Requirement Specifications (URS)**, ensuring alignment with project goals and safety standards.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
