PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Executed manual and exploratory tests for new consumer-facing features on PC applications, ensuring adherence to product specifications and quality standards.
- Designed, executed, and maintained comprehensive test cases for key application modules, contributing to a **15% reduction** in critical post-release defects.
- Participated actively in release validation and regression testing cycles, identifying and documenting potential issues before deployment to end-users.
- Reported defects with detailed steps for reproduction and clear impact analysis, collaborating effectively with software engineers to accelerate issue resolution.
- Maintained test documentation and contributed to the expansion of test coverage by identifying gaps in existing test suites for enterprise client applications.
- Supported UAT coordination and post-implementation triage for enterprise business systems, ensuring smooth integration and user acceptance.

SKILLS

Quality Assurance – Manual Testing, Exploratory Testing, Test Case Design, Test Execution, Regression Testing, Release Validation, Defect Reporting, Smoke Testing, UAT Support

Software Development Lifecycle – Agile Methodologies, Scrum Ceremonies, Change Management, CI/CD Workflows

Programming & Scripting – Python, Java, SQL

Tools & Technologies – Jira, Confluence, Jenkins, Git, Splunk, Dynatrace, Linux

Cloud & Infrastructure – AWS, Docker

Data & Analytics – Power BI, Tableau, R, DAX, Power Query, Data Modelling

Enterprise Systems – ERP Systems, REST APIs, PostgreSQL, MySQL, Oracle

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

PC Application Quality Assurance Suite

- Developed and executed manual test cases for a suite of consumer-facing PC applications, focusing on functional correctness and user experience.
- Documented and tracked defects using **Jira**, working closely with developers to ensure timely resolution and verify fixes through regression testing.

- Contributed to improving test coverage by analyzing user requirements and designing new test scenarios for upcoming features.

Enterprise System Integration & Monitoring Dashboard

- Supported production environments for enterprise business systems, including monitoring operational dashboards for system health and performance.
- Automated data validation processes using **Python** scripts, reducing manual effort by **20%** and ensuring data integrity across integrated systems.
- Collaborated with business analysts to gather requirements for system enhancements and supported UAT for critical change management initiatives.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
