PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **PL/SQL** procedures, packages, and database objects for Oracle EBS Finance and HR modules, supporting critical business functions.
- Designed and built **Oracle BI Publisher reports** and data extracts to support Finance and HR reporting requirements, improving data accessibility for stakeholders.
- Supported technical integrations between Oracle EBS and other internal systems using **REST APIs** and database-level data flows, ensuring seamless data exchange.
- Participated in an **R12 upgrade initiative** for Oracle EBS, contributing to testing, defect resolution, and performance optimization efforts.
- Resolved technical issues across **Finance and HR systems** within a live production environment, liaising with Oracle Support by logging and managing Service Requests (SRs).
- Collaborated with business analysts to translate approved requirements into structured **technical designs** for Oracle EBS enhancements and new feature development.

SKILLS

Oracle EBS Development – PL/SQL, Oracle Forms, Oracle BI Publisher, XML Publisher, Database Objects

EBS Modules – Finance, HR, Payroll

Integrations & APIs – REST APIs, System Integrations

Development Methodologies – Agile, Scrum, Change Management, UAT Coordination

Databases & Tools – Oracle EBS R12, Oracle APEX, SQL, Oracle Support (SRs), Linux

Cloud & Scripting – AWS, Python, Shell Scripting

Reporting & BI – BI Publisher Reports, Data Extracts

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Oracle EBS Finance Module Enhancement

- Developed custom **PL/SQL packages** and procedures to automate reconciliation workflows within the Oracle EBS Finance module, reducing manual effort by 30%.
- Built and deployed **Oracle BI Publisher reports** for daily transaction monitoring, providing real-time visibility into payment processing status.

- Collaborated with functional teams to gather requirements, design technical specifications, and support User Acceptance Testing (UAT) for new financial reporting features.

HR System Integration and Automation

- Designed and implemented RESTful APIs to integrate Oracle EBS HR module data with an external HR platform, enabling bidirectional data synchronization.
- Automated the generation of employee onboarding reports using **Python scripting** and SQL queries against the Oracle database, cutting report generation time from 4 hours to 30 minutes.
- Supported the migration and configuration of HR-related data during a system update, ensuring data integrity and minimal disruption to live operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
