

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India** 09/2021 – 01/2025 (3.5 Years)

---

- Designed and implemented agentic workflows demonstrating LLMs (Claude, OpenAI) and function calling patterns, integrating with **OpenAI specifications** for tool orchestration, reducing manual task time by **30%**.
- Developed user-facing features in **ReactJS** and integrated agent services using **Node.js**, contributing to a new AI-powered developer productivity tool.
- Implemented prompt engineering and tool schema definitions for agent reliability, managing context windows and memory strategies to sustain **99.5%** task completion accuracy.
- Integrated AI agents with developer ecosystems, building a **GitHub Actions** workflow bot that automated code review comment generation, improving PR turnaround by **20%**.
- Engineered reusable UI components and SDKs for agent invocation and status visualization in **AngularJS**, enhancing user experience and reducing support queries by **15%**.
- Shipped high-quality code with comprehensive **unit and e2e tests**, managed through **CI/CD pipelines**, and ensured observability via **logs, metrics, and traces** for agent and UI flows.

## SKILLS

**AI/ML** – LLMs, OpenAI, Claude, Prompt Engineering, Agentic Workflows, Function Calling, Tool Orchestration, RAG Pipelines, Embeddings, Vector Stores

**Frontend Frameworks** – ReactJS, AngularJS, TypeScript, JavaScript, HTML, CSS, Accessibility

**Backend & APIs** – Node.js, Python, REST APIs, GraphQL, OpenAPI Specifications, MCP Clients/Servers

**Developer Tools & Ecosystem** – GitHub Actions, GitHub API, Cline, Jest, Cypress, Docker, CI/CD, Jenkins, Git

**Observability & Data** – Splunk, Dynatrace, CloudWatch, Datadog, OpenTelemetry, SQL, PostgreSQL, MySQL, Oracle

**Methodologies** – Agile, Scrum, Test-Driven Development (TDD), End-to-End Testing

**Cloud Platforms** – AWS (EC2, S3, Lambda, CloudWatch)

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin** 02/2026

---

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India** 01/2021

---

## PROJECTS

### **AI-Powered Code Review Assistant**

- Developed an AI agent using **OpenAI's GPT-4** and **Python** to analyze code changes and automatically generate constructive feedback on pull requests.
- Implemented prompt engineering techniques and tool definitions for the agent to understand code context and adherence to project coding standards.

- Integrated the agent with **GitHub Actions**, enabling automated execution on every PR and reducing manual review time by an estimated **25%**.

### **Interactive LLM Agent Dashboard**

- Built a user-facing dashboard using **ReactJS** and **Node.js** to allow business users to interact with an LLM agent for data summarization and report generation.
- Managed agent state, context windows, and retrieval strategies using a custom memory backend, ensuring consistent and reliable responses.
- Designed and implemented UI components for visualizing agent activity, including prompt inputs, generated outputs, and execution status, improving user comprehension of AI interactions.

## **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
