PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported senior engineers in the delivery of a large-scale wastewater infrastructure project, contributing to **design reviews** and the compilation of **technical documentation** and drawings.
- Assisted with site activities, including **inspections** and **surveys**, to provide construction support and ensure adherence to project timelines.
- Coordinated with **subcontractors**, **suppliers**, and internal teams to facilitate the smooth execution of project milestones, improving communication flow by **15%**.
- Contributed to the development of **method statements**, **risk assessments**, and other **compliance documentation**, ensuring alignment with project specifications.
- Monitored project progress and quality standards, identifying and addressing deviations to maintain high-quality deliverables and support **SLA management**.
- Participated in the **commissioning** and **testing** processes for new system installations, ensuring successful handover and operational readiness.

SKILLS

Engineering & Infrastructure – Wastewater Treatment, Infrastructure Projects, Mechanical Installations, Electrical Installations, Civil Engineering, Environmental Engineering.

Project Management Tools – MS Project, AutoCAD, Jira, Confluence.

Software & Development – Java, Spring Boot, Python, REST APIs, Docker, Linux.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Jenkins, Git.

Data & Analytics – Power BI, DAX, Tableau, SQL (PostgreSQL, MySQL, Oracle), pandas, NumPy.

Operations & Support – Production Support, Monitoring (Splunk, Dynatrace), Incident Response, Change Management, UAT Support.

Compliance & Safety – Health & Safety, Environmental Standards, Quality Standards, GDPR Awareness, Regulatory Compliance.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Wastewater Treatment Plant Upgrade Project Support

- Assisted project managers in tracking and reporting on the progress of the **Drogheda Wastewater Treatment Plant Upgrade**, identifying critical path activities.

- Supported the creation and review of engineering design documents, including **technical drawings** and specifications, ensuring accuracy and compliance.
- Participated in site-based activities, conducting **inspections** and providing on-site support during the construction phase.

Operations KPI Dashboard Development

- Developed an interactive **Power BI dashboard** to visualize key performance indicators for wastewater treatment operations, including water quality metrics and energy consumption.
- Integrated data from various sources using **Power Query** and defined **DAX measures** to provide actionable insights into plant efficiency and identify areas for optimization, reducing manual reporting effort by **40%**.
- Published and presented reports to stakeholders, facilitating data-informed decision-making and enhancing understanding of operational performance.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
