PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Executed Planned Preventative Maintenance (PPM) on mechanical and electrical systems, ensuring **99.5% uptime** for critical facility equipment.
- Responded to and resolved over **500+ breakdown requests** within SLA, minimizing operational downtime and maintaining facility integrity.
- Supported installation and adaptation works for new facility systems, coordinating with cross-functional teams to ensure seamless integration and adherence to project timelines.
- Operated various **hand tools, power tools, and access equipment** safely and efficiently, completing tasks with zero safety incidents across 3 years.
- Maintained accurate and detailed **record-keeping** for all maintenance activities, facilitating smooth **audits** and compliance checks.
- Participated in **Pool Plant Operations**, acquiring new skills and contributing to the operational readiness of facility amenities.

SKILLS

Maintenance & Operations – Planned Preventative Maintenance (PPM), Breakdown Response, Installation Support, Hand Tools, Power Tools, Access Equipment, Pool Plant Operations.

Health & Safety – Compliance, Infection Control Procedures, Risk Assessment.

Systems & Equipment – Mechanical Systems, Electrical Systems, Electronic Systems, Workshop Machinery (Lathes, Mills, Drills), Compressors, AHUs, Air Conditioning, Marine Maintenance.

Data & Documentation – Record Keeping, Audit Participation, PC Skills.

Soft Skills – Adaptability, Decision Making, Teamwork, Communication (Verbal & Written).

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Facility Systems Uptime Enhancement Initiative

- Analyzed historical maintenance logs to identify recurring failure patterns in **mechanical and electrical systems**, reducing repeat incidents by **15%**.
- Developed and implemented standardized PPM checklists for key equipment, improving adherence and preventive effectiveness across a fleet of over **200 assets**.
- Collaborated with senior technicians to document best practices for operating specialized workshop machinery, creating training materials that accelerated onboarding for junior staff.

Integrated Building Management System Upgrade

- Supported the integration of new **electronic sensors** and control modules into the existing building management system, ensuring seamless data flow.
- Assisted in the testing and validation of upgraded system components, confirming operational readiness and compliance with facility standards.
- Documented system configurations and operational procedures using **PC skills**, contributing to a comprehensive knowledge base for facility operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
