+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed sample lifecycles across laboratory operations, including **internal sample movement** and **external shipment coordination**, ensuring 99.9% adherence to sample tracking protocols.
- Administered all sample-related documentation, overseeing the accurate entry of **external sample results** onto **LIMS** and completing records to meet **GMP** and data integrity standards.
- Generated comprehensive **environmental monitoring and water analysis reports**, delivering agreed quality and business metrics and proactively identifying opportunities for process optimisation.
- Developed and maintained Python scripts for automating data extraction and reporting, reducing manual data processing time by **30%** for operational analytics.
- Supported and integrated with enterprise business systems, including **ERP modules** and operational platforms, coordinating change-control management and post-go-live support across interconnected systems.
- Collaborated with client personnel and suppliers to meet or exceed requirements, ensuring delivery against client processes and demonstrating flexibility to support diverse business needs.

SKILLS

Laboratory Operations – Sample Management, GMP, Data Integrity, Environmental Monitoring, Water Analysis, LIMS, Aliquoting, Reference Material Inventory Management.

Data Analysis & Reporting – Power BI, Tableau, DAX, Power Query, R, Python (pandas, NumPy, scikit-learn), SQL, Data Warehousing, Statistical Analysis, Exploratory Data Analysis.

Software Engineering & Support – Java Spring Boot, REST APIs, Python Scripting, ETL, Production Support, Incident Response, Change Management, UAT Support.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Business Systems – ERP Systems, Enterprise Applications, Process Improvement, Operational Efficiency, Cross-functional Collaboration, Communication Skills, Time Management.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Laboratory Sample Tracking and Reporting System

- Developed a Python-based application to manage sample lifecycle tracking, integrating with a PostgreSQL database for storing sample metadata and analysis results.
- Implemented automated report generation features using Power BI, creating interactive dashboards for environmental monitoring and water analysis, reducing reporting time by **40%**.

- Ensured strict adherence to **GMP** and data integrity principles throughout the system's design and implementation, including audit trail capabilities.

Financial Transactions Monitoring Dashboard

- Built a Java Spring Boot REST API service to ingest and process transaction data from multiple sources for a financial-services operations dashboard.
- Designed and implemented reconciliation workflows and operational alerting for failed or delayed financial messages, improving detection rates by **15%**.
- Collaborated with business analysts to define requirements for transaction monitoring and compliance reporting, ensuring adherence to regulatory awareness standards.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
