PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided **1st to 2nd level IT support** for client infrastructure, resolving typical daily issues including password resets, printer problems, and PC performance tuning, achieving a **90% first-call resolution rate**.
- Monitored and responded promptly to incoming client support requests via phone and email, maintaining **excellent customer service standards** and ensuring user expectations were consistently met.
- Assumed ownership of client backups and performed proactive health checks on systems, identifying and rectifying potential issues before they impacted service availability.
- Delivered **outstanding customer technical support**, striving for first-call resolution while clearly communicating issue resolution processes, timelines, and ownership to end-users.
- Executed offsite project tasks including **PC installations** and site IT audits, effectively troubleshooting issues on-site with remote support from Level 3 engineers.
- Managed and resolved **Microsoft Office 365, email, and OneDrive** issues for clients, ensuring seamless collaboration and data accessibility.

SKILLS

Operating Systems – Windows 11, Windows Server, Linux

Microsoft Services – Microsoft Office 365, Email, OneDrive, Active Directory Administration

Hardware Support – Laptop, Desktop, Mobile Hardware Support

Networking – Fundamentals of Networking, Network Patching, Switches, Wireless Installations

Customer Support – IT Support, Technical Support, Customer Service, Troubleshooting, Problem-Solving

IT Infrastructure – IT Managed Services, Cyber Security Solutions, Backup Monitoring

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Client Systems Health Monitoring Dashboard

- Developed a dashboard using **Power BI** to monitor the health and performance of client IT infrastructure, integrating data from various sources.
- Implemented **DAX measures** to track key performance indicators such as system uptime, backup success rates, and ticket resolution times, providing actionable insights.
- Automated ETL processes using **Power Query** to cleanse and transform data, ensuring accurate and timely reporting for stakeholders.

Enterprise Network & System Audit Tool

- Created a Python-based tool to automate IT audits on client sites, including **PC installations** and network configuration checks.
- Integrated functionality to gather information on hardware specifications, installed software, and network device status, supporting remote Level 3 engineers.
- Managed the deployment and configuration of new workstations and network equipment, ensuring adherence to client standards and security protocols.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
