Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Databases – PostgreSQL, MySQL, Oracle

BI & Reporting – Power BI, DAX, Tableau, R, Data Warehousing

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Finance Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** used by a financial services client by implementing real-time transaction monitoring for failed payment messages.
- Developed automated Python scripts to streamline the reconciliation workflow for high-volume transaction data, reducing manual processing time by **20%**.

- Collaborated with business analysts to define requirements for new operational alerts and ensured compliance with **GDPR** data handling standards within the production environment.

ERP System Integration & Reporting Automation

- Integrated an enterprise **ERP system** with a downstream operational platform via **REST APIs**, enabling automated data flow for critical business processes.
- Created automated scheduled reports using Python and SQL against PostgreSQL, providing key performance indicators to management and reducing report generation time by **30%**.
- Managed change control processes for ERP configuration updates, coordinating user acceptance testing (UAT) and providing post-go-live support across interconnected systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
