

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Managed production support for enterprise applications, responding to P1/P2 incidents and ensuring service level agreements (SLAs) were met by analyzing logs in **Splunk** and **CloudWatch**.
- Automated data extraction and reporting processes using **Python** scripting, reducing manual effort by approximately **15 hours** per week.
- Developed and maintained REST APIs using **Java Spring Boot** for internal services, contributing to the enhancement of core application functionalities.
- Designed and implemented interactive dashboards and reports in **Power BI**, translating complex data into actionable insights for business stakeholders and improving decision-making speed by **20%**.
- Coordinated change management activities for system configurations and integrations, supporting User Acceptance Testing (UAT) and post-go-live operations for enterprise business systems.
- Supported a payments operations dashboard by monitoring transaction flows and alerting on failed payment messages, maintaining high availability in a production environment with strict regulatory awareness.

SKILLS

Development & Scripting – Python, Java, Spring Boot, C#, C++, Unity, Unreal Engine

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux

Databases – SQL, PostgreSQL, MySQL, Oracle

BI & Analytics – Power BI, Tableau, DAX, Power Query, R, RStudio, pandas, NumPy, scikit-learn

Support & Operations – Splunk, Dynatrace, Incident Management, Troubleshooting, Log Analysis, Command Line Tools

Development Lifecycle – Agile, Scrum, Jira, Confluence, Github, UAT, Change Management

Domain Specific – Trust and Safety, Data Privacy, Data Protection, Gaming Ecosystem, Game Design

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Payments Reconciliation & Transaction Monitoring Dashboard

- Developed a real-time dashboard using **Power BI** to monitor payment transaction flows, highlighting discrepancies and failed messages for a financial services client.
- Integrated with backend systems via **SQL** queries to extract and validate transaction data, ensuring data integrity for reconciliation processes.

- Automated report generation for operational metrics, reducing manual reporting time by **30%** and improving the speed of issue identification.

Customer Support & Bug Triage System

- Built a Python-based application to automate the initial triage of customer support requests and bug reports, categorizing issues based on keywords and severity.
- Implemented log analysis capabilities using **Python** and shell scripting to assist in root cause analysis for reported issues, reducing average investigation time by **25%**.
- Designed a user interface for support agents to manage tickets and access relevant diagnostic information, improving overall workflow efficiency.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
