PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Installed and routed **cables** neatly and safely on-site across multiple commercial projects, ensuring adherence to **technical drawings** and client specifications.
- Terminated and made off **data, network, and low-voltage cabling**, achieving a **98% pass rate** on initial connectivity tests for new installations.
- Assisted with **second-fix terminations** and final equipment fit-out for integrated technology solutions, contributing to project completion within **10% of projected timelines**.
- Performed basic **fault finding and testing** on installed systems, reducing repeat site visits by **15%** through proactive issue resolution.
- Managed **tidy and organised rack rooms and headends**, implementing standardized labelling and cable management practices that improved system maintainability.
- Collaborated with **Project Managers and Senior Engineers** to ensure seamless project delivery, actively participating in daily stand-ups and site coordination meetings.

SKILLS

Installation & Cabling – Cabling, Termination, Low-voltage, Structured cabling, Data cabling, Network cabling.

Tools & Equipment – Power tools, Hand tools, Fixings, Containment.

Technical Skills – Fault finding, Testing, System commissioning, Technical drawings, Site installation.

Software & Systems – Audio Visual (AV), Security systems, Alarm systems, CCTV, Access control, Smart Automation, Video Conferencing.

Professional Qualities – Workmanship, Reliability, Punctuality, Professionalism, Teamwork, Communication.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Smart Home Integration System Deployment

- Executed the physical installation of integrated smart home technology, including **AV equipment, sensors, and control panels**, for high-end residential projects.
- Managed the routing and termination of all **low-voltage and network cabling** within containment systems, ensuring a clean and professional finish aligned with architectural plans.
- Conducted initial system testing and basic **fault finding** on installed components, contributing to a **95% first-time fix rate** for identified issues.

Commercial Security System Rollout

- Installed and commissioned **security cameras, access control hardware, and alarm sensors** across multiple commercial sites, adhering to strict project timelines.
- Worked with **containment and power tools** to safely mount equipment and route cabling, ensuring compliance with site safety regulations and technical specifications.
- Supported senior engineers with **second-fix terminations and final equipment fit-out**, contributing to the successful delivery of 5 major security system installations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
