PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed the end-to-end lifecycle of **project documentation** and reports, ensuring accuracy and adherence to organizational standards for diverse audiences.
- Supported the National Care Experience Programme (NCEP) by coordinating operational tasks and contributing to data management commitments, ensuring timely completion of project milestones.
- Engaged extensively with **stakeholders** across health and social care services to gather requirements, provide updates, and ensure alignment with project objectives.
- Developed and maintained **Python scripts** to automate data extraction, transformation, and loading (ETL) processes for operational reporting, improving data accuracy by **15%**.
- Collaborated with cross-functional teams to implement **change control management** for system configurations, coordinating User Acceptance Testing (UAT) and providing post-go-live support for enterprise systems.
- Designed and deployed interactive **Power BI dashboards** to visualize key performance indicators (KPIs) and operational metrics, enabling data-informed decision-making for business stakeholders.

SKILLS

Project Management – Project Coordination, Operational Support, Stakeholder Engagement, Documentation, Reporting, UAT, Change Management.

Data Management & Analysis – Data Pipelines, ETL, Data Validation, Data Visualisation, KPI Reporting, Business Intelligence, Statistical Analysis.

Programming & Scripting – Python, SQL, Java, Spring Boot, R.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Databases – PostgreSQL, MySQL, Oracle.

BI Tools – Power BI, DAX, Power Query, Tableau.

Development Tools & Methodologies – Git, Jenkins, Jira, Confluence, Agile, Scrum.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Health Service Operations Dashboard

- Developed a comprehensive **Power BI dashboard** to monitor critical operational metrics for health and social care services, consolidating data from disparate sources.

- Implemented **DAX measures** and complex data models to provide actionable insights into service delivery performance, enabling a **10%** improvement in reporting efficiency.
- Authored detailed user guides and training materials for the dashboard, facilitating adoption by non-technical stakeholders and ensuring effective data interpretation.

Automated Data Pipeline for Regulatory Compliance

- Engineered a robust **Python-based data pipeline** to aggregate and process transaction data, supporting regulatory compliance and audit trail requirements.
- Integrated the pipeline with **PostgreSQL databases** and utilized **AWS Lambda** for automated data ingestion and transformation, reducing manual processing time by **40%**.
- Implemented comprehensive logging and error handling mechanisms using **Splunk** to ensure data integrity and system reliability within a strict SLA environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
