PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Administered and optimized **Microsoft 365**, including **SharePoint Online** and **Microsoft Teams**, ensuring 99.9% service availability for enterprise users.
- Developed automated workflows using **Power Automate**, integrating with **Dynamics 365** to streamline customer relationship management processes and reduce manual data entry by **30%**.
- Configured and managed **SharePoint Online** sites, libraries, and permissions, implementing robust governance frameworks that enhanced data security and access control across departmental collaboration spaces.
- Supported the rollout and adoption of **Power BI**, creating interactive dashboards and reports that provided actionable insights into operational performance, leading to a **15%** improvement in key performance indicators.
- Performed regular audits of user access and permissions across **Microsoft Dynamics 365** and **SharePoint**, mitigating risks associated with oversharing and ensuring compliance with data governance policies.
- Collaborated with internal business stakeholders to gather requirements for **Microsoft technology solutions**, translating needs into effective technical configurations and delivering enhancements that improved user productivity by an estimated **20%**.

SKILLS

Microsoft 365 Administration – SharePoint Online, Microsoft Teams, OneDrive, Intune, Azure

Microsoft Dynamics 365 – Administration, Configuration, Entities (Dataverse Tables), Security Roles, Forms, Views, Workflows

Power Platform – Power Automate, Power Apps, Dataverse, Low-code/No-code Development

Cloud Engineering & Services – Azure, AWS (EC2, S3, Lambda, CloudWatch)

Development & Scripting – Python, Java, Spring Boot, REST APIs, SQL (PostgreSQL, MySQL, Oracle)

DevOps & CI/CD – Jenkins, Git, Docker, Linux Shell Scripting

Business Intelligence & Reporting – Power BI, DAX, Power Query, Tableau

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Automated Operations Reporting Dashboard

- Developed an automated reporting solution using **Power BI** and **Power Automate** to aggregate data from various financial systems, replacing manual report generation.

- Configured data models and DAX measures within **Power BI** to provide real-time operational metrics, enhancing visibility into transaction processing and reconciliation workflows.
- Integrated the dashboard with existing **REST APIs** and databases, ensuring timely data ingestion and accurate reporting for business stakeholders, reducing reporting cycle time by **40%**.

SharePoint Online Collaboration Hub

- Designed and implemented a centralized **SharePoint Online** site collection to improve document management and team collaboration for a cross-functional engineering team.
- Managed site architecture, content types, and permissions using **SharePoint Online administration** tools, ensuring secure and organized access to project documentation and resources.
- Created automated workflows with **Power Automate** for document approval processes, reducing turnaround time and improving process efficiency by **25%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
