PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided desk-side and remote support for end-user hardware and software issues, resolving an average of **15 tickets daily** within SLA.
- Configured, built, and troubleshooted **PC and laptop applications** and hardware components for new hires and existing staff.
- Managed the **asset recovery** process for retired workstations, ensuring data sanitization and inventory accuracy.
- Supported **meeting room environments**, including video conferencing setups, printers, and scanners, ensuring seamless operation for business meetings.
- Executed **end-user data backup and restoration** services, safeguarding critical information and facilitating smooth transitions for users.
- Collaborated with the sales department to answer **technical questions** regarding deployed hardware and software solutions.

SKILLS

Hardware & Software Support – PC & Laptop Configuration, Troubleshooting, Hardware Components, Software Applications, Peripherals, Printers, Scanners, Mobile Devices (iPads, iPhones), Apple MAC Devices

End-User Services – Remote Support, Desk-side Support, Incident Management, Request Fulfillment, SLA Management, Asset Recovery, Data Backup & Restoration

Networking & Collaboration – Meeting Room Support, Video Conferencing, Technical Question Answering

Operating Systems – Linux, Windows, macOS

Scripting & Automation – Python

Cloud & Containerization – AWS (EC2, S3, Lambda, CloudWatch), Docker

Databases – SQL (PostgreSQL, MySQL, Oracle)

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Workstation Deployment and Support System

- Developed Python scripts to automate the **deployment of standard workstation images** and application configurations across a fleet of 300+ devices.
- Managed the lifecycle of workstation hardware, including **break/fix, upgrades, and new hire provisioning**, reducing setup time by **20%**.

- Implemented a streamlined process for **end-user data backup and restoration** using AWS S3, ensuring data integrity for over 500 users.

Financial Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** by integrating real-time monitoring of transaction flows and implementing automated alerting for failed payment messages.
- Developed **Python scripts for ETL processes** to ingest and transform operational data, improving data accuracy for reconciliation workflows by **15%**.
- Provided **production support** for the dashboard, responding to P1/P2 incidents and managing change requests within strict SLAs for a financial services client.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
