

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Designed and implemented secure, scalable **Azure** and **Microsoft 365** solutions, adhering to security-by-design principles for enterprise clients.
- Conducted **Copilot and AI readiness assessments** for clients, analyzing data exposure and access risks to ensure safe adoption of generative AI capabilities.
- Deployed and enhanced **Microsoft 365 security** features including **Entra ID**, **Conditional Access**, and **Defender for Endpoint**, improving tenant security posture by **30%**.
- Implemented **Microsoft Purview** solutions for **Data Loss Prevention (DLP)** and information protection, establishing robust data governance frameworks and reducing sensitive data exfiltration risks.
- Supported sales engagements by developing secure solution designs for Azure and Modern Workplace technologies, articulating benefits and security considerations to prospective clients.
- Managed **Python scripting** for automation and data pipelines, enhancing operational efficiency and reducing manual effort in system monitoring and reporting by approximately **20%**.

SKILLS

Cloud Infrastructure – Azure, AWS (EC2, S3, Lambda, CloudWatch)

Microsoft 365 – Entra ID, Conditional Access, Defender, Purview, Information Protection, DLP

Security – Security-by-design, AI readiness assessments, Data protection, Access controls, Information governance, DNS-layer security

Operating Systems & Virtualization – Linux, Windows Server (AD, Exchange, RDS, SQL), Hyper-V, VMware

Networking – Solid networking knowledge, Cisco Umbrella

Development & Automation – Python, Java Spring Boot, REST APIs, Docker, Jenkins, Git

Data & Analytics – SQL (PostgreSQL, MySQL, Oracle), Power BI, DAX, Power Query

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Azure AD Security Modernization Initiative

- Engineered a comprehensive security uplift for a financial services client's Azure Active Directory environment, implementing **Conditional Access policies** and **multi-factor authentication** for critical applications.
- Migrated legacy identity management processes to a modern, secure framework, reducing unauthorized access attempts by **45%** and improving compliance audit readiness.

- Developed automated scripts using **Python** to audit Entra ID configurations and ensure adherence to security best practices across user groups and application registrations.

Enterprise Data Governance and Reporting Platform

- Designed and deployed a centralized data governance solution using **Microsoft Purview**, integrating disparate data sources and establishing **DLP policies** to protect sensitive information.
- Developed interactive dashboards in **Power BI**, connecting to a PostgreSQL data warehouse, to provide real-time insights into operational KPIs and facilitate data-driven decision-making for business stakeholders.
- Automated data ingestion and transformation pipelines using **Power Query** and SQL, improving data accuracy and reducing report generation time by **50%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
