

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **AI-native interfaces** for developer workflows, integrating **LLM tooling** to enhance dashboard usability and reduce debugging time by **30%**.
- Developed and maintained **evaluation frameworks** and **instrumentation systems** for AI models, measuring performance and reliability, leading to a **15%** reduction in false positive alerts.
- Built reusable **AI integration patterns** and infrastructure, including **Edge Functions** and **embeddings**, standardizing AI logic across multiple services and reducing duplication by **40%**.
- Enhanced **AI-driven dashboard assistants** to support complex debugging scenarios and self-serve product usage, improving user task completion rates by **25%**.
- Collaborated with **cross-functional teams** (docs, frontend, API) to deliver cohesive developer experiences, ensuring effective exposure of product knowledge to **AI agents** and developer tools.
- Managed production incidents and implemented proactive monitoring for enterprise applications, sustaining **99.9%** uptime and adhering to strict SLAs through the use of **Splunk** and **Dynatrace**.

SKILLS

Languages – JavaScript, TypeScript, Python, SQL, R, Java

AI & ML – LLM tooling, Agent architectures, Embeddings, Vector databases, pgvector, Machine learning fundamentals, Scikit-learn

Backend & Cloud – Node.js, NestJS, Spring Boot, REST APIs, AWS (EC2, S3, Lambda, CloudWatch), Docker, Kubernetes, Edge Functions

Databases – PostgreSQL, MySQL, Oracle, Database design principles

Developer Tooling & Platforms – Developer tools, Internal systems, CI/CD, Jenkins, Git, npm, ES modules, Bundlers

Data & Analytics – Power BI, DAX, Tableau, Power Query, Data modelling, Data warehousing, Statistical analysis, Time-series analysis

Methodologies & Practices – Agile/Scrum, Testing, Benchmarking, Stress testing, Validation, Incident response, Change management

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

AI Assistant for Developer Workflows

- Engineered an AI-powered assistant to integrate with internal documentation and code repositories, enabling developers to query information contextually using **embeddings** and **PostgreSQL**.
- Developed a **NestJS** backend service to manage agent skills and LLM interactions, providing natural language interfaces for common development tasks, improving workflow efficiency by **20%**.
- Implemented robust **testing and validation** procedures for the AI components, ensuring reliability and accuracy in generated responses and code suggestions.

Production Monitoring & Alerting Dashboard

- Developed a **Java Spring Boot**-based dashboard for real-time monitoring of enterprise application health and performance across multiple AWS environments.
- Integrated **Splunk** for log aggregation and analysis, creating custom alerts for critical errors and performance degradation, reducing P1 incident response time by **25%**.
- Automated data validation and reconciliation checks using **Python scripts** and **SQL** queries against **PostgreSQL** databases to ensure data integrity for financial transaction flows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
