PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Developed and maintained e-commerce storefronts on the **Shopify Plus** platform, enhancing user experience and ensuring high performance across devices.
- Translated complex **Figma designs** into responsive, accessible, and maintainable front-end code using **Liquid**, **JavaScript (ES6+)**, and **SCSS**.
- Built and managed custom **Shopify theme** customizations, integrating features and adhering to modern web standards and build tool practices.
- Implemented and maintained integrations with third-party **MarTech systems**, including email marketing platforms and analytics tools, to support conversion optimization strategies.
- Collaborated with senior technical stakeholders to develop and test new platform features and enhancements, contributing to architectural decisions for the e-commerce ecosystem.
- Ensured adherence to web accessibility standards (**WCAG**) and e-commerce best practices, including CRO and UX optimization, for a globally distributed brand.

SKILLS

E-commerce Platforms – Shopify Plus, Liquid, Shopify CLI

Frontend Development – JavaScript (ES6+), HTML, CSS/SCSS, Responsive Design, Accessibility (WCAG)

Design Translation – Figma, High-Fidelity Code Implementation

APIs & Integrations – REST APIs, GraphQL APIs, Third-Party Service Integration, MarTech Tools (Klaviyo)

Version Control & Collaboration – Git, GitHub, Branching Strategies, Code Reviews

Development Practices – Agile/Scrum, Performance Best Practices, UX Optimization, CRO, AI-Assisted Development

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

E-commerce Conversion Optimization Dashboard

- Developed a custom **Power BI dashboard** to visualize key e-commerce metrics including conversion rates, bounce rates, and average order value for stakeholders.
- Extracted and transformed data from multiple sources using **Power Query**, performing complex data modeling and creating calculated measures with **DAX** to derive actionable insights.

- Published interactive reports to the Power BI service, enabling business teams to monitor performance and identify areas for A/B testing and UX improvements.

Shopify Theme Performance Enhancement

- Refactored existing **Shopify theme** code, optimizing **JavaScript** and **SCSS** to improve page load times and overall storefront performance by **20%**.
- Implemented responsive design principles and accessibility best practices (**WCAG**) across key user flows, ensuring a seamless experience on all devices.
- Integrated a third-party analytics tool via its **REST API** to provide granular user behavior tracking for conversion rate optimization efforts.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
