PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed project financial performance by tracking and analyzing **project costs**, budgets, and variance reports, ensuring alignment with **company standards** and client requirements.
- Prepared and processed **progress billings** and milestone invoices, reviewing contracts to ensure alignment with terms, rates, and deliverables for multiple projects.
- Assisted in developing **project budgets** and financial forecasts, updating projections based on actual performance and identifying cost overruns and opportunities for savings.
- Maintained accurate **project financial records** and documentation, ensuring compliance with internal controls and supporting internal and external **audit requirements**.
- Collaborated with project managers and operations teams to provide financial insights, communicating project financial results clearly to stakeholders, contributing to informed decision-making.
- Supported the **backlog reporting** by region and assisted in secured weekly reporting, working with the Sales team to ensure accurate sales force updates and backlog flow.

SKILLS

Project Accounting – Project Financial Management, Cost Tracking, Budgeting, Forecasting, Billing, Revenue Recognition, Job Costing, Variance Analysis, Compliance, Documentation.

Financial Tools – Sage300, SAP, Excel (Pivot Tables, Lookups).

Data Analysis & Reporting – Power BI, Tableau, DAX, Power Query, Data Modelling, Business Intelligence, Financial Summaries, Backlog Reporting.

Software & Systems – Java Spring Boot, Python, SQL, REST APIs, AWS, Docker, Linux, Jenkins, Jira, Confluence.

ERP & Enterprise Systems – ERP Integration Support, Change Management, System Configuration.

Data Analytics & ML – pandas, NumPy, scikit-learn, R/RStudio, Statistical Analysis, Machine Learning Fundamentals.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Financial Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** for a financial-services client by implementing new modules for transaction monitoring and operational alerting on failed payment messages.

- Automated daily reconciliation workflows using **Python scripting**, reducing manual processing time by **30%** and improving data accuracy across integrated systems.
- Developed and maintained **REST APIs** for data ingestion and reporting, ensuring seamless integration with upstream and downstream financial systems.

ERP System Integration & Reporting

- Supported integration efforts for an **ERP system**, focusing on cross-system data flows across PostgreSQL and Oracle databases to support business operations.
- Developed automated **ETL processes** using SQL and Python to extract, transform, and load data for financial reporting, improving report generation speed by **20%**.
- Created interactive **Power BI dashboards** to visualize key performance indicators for ERP modules, enabling stakeholders to track operational metrics and identify areas for improvement.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
