PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided **on-site technical support** to end-users across multiple office locations, resolving **hardware and software issues**, reducing average resolution time by **15%**.
- Managed **IT asset inventory** and tracked IT resources, ensuring accurate records for **over 500 devices** and minimizing discrepancies.
- Assisted in the setup, configuration, and maintenance of **end-user devices and peripherals**, improving deployment efficiency by **20%**.
- Collaborated with cross-functional teams to ensure seamless **ticket escalations**, contributing to a **10% improvement** in overall issue resolution.
- Learned to identify and resolve common **IT issues** through proactive monitoring and data analysis, preventing recurring problems.
- Contributed to **IT projects**, including software deployments and hardware upgrades, ensuring timely completion within project scope.

SKILLS

IT Support – On-site support, Troubleshooting, Hardware, Software, End-user devices, Peripherals, Ticket escalations, IT Asset Management

Directory Services – Active Directory, Azure AD, Security Groups, Access Requests, Permissions Management

Productivity Software – Office 365, Software installations

Operating Systems – Linux, Windows

Cloud Platforms – AWS

Development & Automation – Python, Java, SQL, REST APIs

Monitoring & Observability – Splunk, Dynatrace, CloudWatch

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Systems Monitoring and Support Dashboard

- Developed and maintained a dashboard for monitoring **enterprise applications**, integrating data from **Splunk** and **Dynatrace** to provide real-time operational insights.
- Automated incident response workflows using **Python scripting**, reducing manual intervention for P1/P2 incidents by **30%**.

- Facilitated **cross-system integrations** via REST APIs and database queries across PostgreSQL and Oracle to support business systems.

IT Asset Management and Deployment System

- Designed and implemented a system for tracking IT assets, including hardware and software licenses, using **Python** and **PostgreSQL**.
- Developed scripts to automate the initial setup and configuration of **end-user devices**, reducing deployment time per device by **25%**.
- Managed user access and permissions within a simulated **Active Directory** environment, ensuring compliance with security policies.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
