

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Developed and maintained native **Android applications** and **SDK components** using **Kotlin** and **Java**, contributing to core mobile platform features.
- Implemented **Android APIs** and platform-specific features, enhancing application functionality and performance for enterprise users.
- Authored comprehensive **unit and instrumentation tests**, achieving over **90% code coverage** for critical application modules and ensuring stability.
- Designed and integrated **modular, reusable Android components**, improving code maintainability and accelerating future development cycles by an estimated **15%**.
- Collaborated closely with **product managers** and cross-functional engineering teams to define requirements and deliver impactful mobile solutions.
- Participated in architectural discussions for **Android applications**, influencing design decisions to align with long-term scalability and security objectives.

SKILLS

Mobile Development – Android SDK, Android Framework, Kotlin, Java, Android APIs, SDK Development, Application Development, Unit Testing, Instrumentation Testing.

AI & Development Tools – GitHub Copilot, AI-assisted development tools.

Architecture & Design – Modular Design, Reusable Components, Architectural Decisions.

Collaboration & Communication – Product Managers, Cross-functional Teams, Mobile Team.

Programming Languages – Kotlin, Java.

Version Control – Git.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Modular Android Feature Framework

- Engineered a reusable **Android framework** for common UI elements and business logic, enabling faster development of new application modules.
- Implemented **Kotlin**-based components that adhered to established architectural patterns, reducing boilerplate code by **30%**.

- Integrated with backend services via **REST APIs** for data retrieval and user interactions, ensuring seamless data flow.

Android SDK for Enterprise Integrations

- Developed a specialized **Android SDK** to facilitate secure integration of enterprise applications with the core mobile platform.
- Wrote extensive **instrumentation tests** to validate SDK functionality across various Android versions and device configurations, maintaining **95% pass rate**.
- Collaborated with backend teams to define and implement the **Android APIs** necessary for SDK operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
