

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **Java Spring Boot microservices** for a critical HR technology platform, ensuring secure and scalable delivery of features, contributing to a **15% reduction** in incident response time.
- Designed and implemented **RESTful APIs** for seamless integration between HR systems and enterprise applications, enhancing data synchronization across multiple business functions and reducing data latency by **20%**.
- Created and optimized **SQL queries** for large, diverse datasets within a corporate environment, supporting data analysis for continuous improvement of software applications and systems, resulting in a **30% faster** report generation.
- Contributed to the design and development of **full-stack capabilities** for internal HR tools, building responsive user interfaces with **React** and reliable backend integrations, improving user experience and task completion efficiency.
- Executed software solutions, including **technical troubleshooting** and code development for complex applications, adhering to strict design constraints and quality standards, while maintaining **99.9%** system uptime.
- Automated routine operational tasks and data pipelines using **Python scripting**, streamlining workflows and reducing manual effort by an estimated **40%** for the operations support team.

SKILLS

Languages – Java, JavaScript, TypeScript, Python, SQL, R.

Backend Frameworks & Libraries – Spring Boot, REST APIs, Flask, FastAPI.

Frontend Frameworks & Libraries – React, Angular.

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch).

Databases – PostgreSQL, MySQL, Oracle.

DevOps & CI/CD – Jenkins, Git, Docker, Kubernetes.

Tools & Methodologies – Agile/Scrum, SDLC, Jira, Confluence, Splunk, Dynatrace, Power BI, Tableau, NumPy, pandas, scikit-learn.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise HR System Integration Platform

- Developed a **Java Spring Boot**-based integration layer to connect disparate HR systems, enabling secure data exchange via **REST APIs**.
- Implemented robust error handling and logging mechanisms using **AWS CloudWatch**, improving system observability and reducing critical integration failures by **25%**.
- Designed database schemas in **PostgreSQL** to support consolidated employee data, facilitating more efficient querying for reporting and analytics.

Real-Time Performance Monitoring Dashboard

- Built an interactive dashboard using **React** and **Power BI** to visualize key performance indicators for enterprise applications, providing stakeholders with actionable insights.
- Integrated data from multiple sources including application logs and database metrics, performing **ETL processes** with **Python (pandas)** and **SQL**.
- Configured automated alerts based on predefined thresholds, enabling proactive identification of system performance degradation and reducing average detection time by **40%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
