

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India** 09/2021 – 01/2025 (3.5 Years)

- Engineered and deployed **Python**-based agent orchestration frameworks for rapid AI prototyping, achieving a **40%** reduction in PoC cycle time for emerging LLM capabilities.
- Developed and integrated **TypeScript** microservices for data ingestion pipelines, processing over **10 million** records daily into an enterprise data lake on **AWS**.
- Implemented **infrastructure-as-code** using **Crossplane** to manage multi-cloud Kubernetes deployments across **AWS** and **Azure**, automating environment provisioning and reducing setup time by **60%**.
- Configured and fine-tuned **AI coding assistants**, including GitHub Copilot and Cursor, integrating custom instructions and tools to ensure adherence to enterprise standards and accelerate development workflows.
- Designed and implemented **guardrails and safety** mechanisms for LLM applications, including prompt injection defence and output validation, mitigating potential risks in production deployments.
- Mentored junior engineers on the adoption of **memory and retrieval** augmented generation (RAG) techniques, establishing best practices and facilitating knowledge transfer across the AI Center of Excellence.

## SKILLS

**Core AI/ML** – LLM-based systems, Prompt Engineering, Retrieval Augmented Generation (RAG), Agent Frameworks, Model Context Protocol (MCP), AI Safety, Guardrails, Fine-tuning, Generative AI, Function Calling, Observability, Evaluation Metrics

**Programming Languages** – Python, TypeScript, Rust, Go

**Cloud Platforms** – AWS, Azure, GCP

**Infrastructure as Code** – Crossplane, Terraform, Pulumi, CDK, Kubernetes, Docker

**Backend Development** – Spring Boot, REST APIs, Microservices

**Data & Analytics** – SQL, PostgreSQL, MySQL, Oracle, Data Warehousing, Power BI, DAX, Power Query, Tableau

**DevOps & CI/CD** – Jenkins, Git, CloudWatch

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin** 02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India** 01/2021

## PROJECTS

### **AI Agent Orchestration Framework**

- Developed a **Python**-based framework for orchestrating autonomous AI agents, enabling rapid testing of emerging LLM capabilities.

- Integrated with **AWS Lambda** and **ECS** for scalable agent execution, handling over **1,000** concurrent agent tasks during peak loads.
- Implemented custom tooling for agent performance monitoring and debugging, improving development iteration speed by **35%**.

#### **Multi-Cloud Deployment Automation**

- Constructed an **infrastructure-as-code** solution using **Crossplane** and **Kubernetes** to manage resources across **AWS** and **Azure**.
- Automated the deployment of microservices and AI model serving endpoints, reducing manual configuration errors by **90%**.
- Enabled platform teams to provision and manage infrastructure through a unified API, accelerating application delivery cycles.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
