PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed and resolved **Level 1-2 IT support tickets** via helpdesk system and direct user contact, achieving a **95% first-call resolution rate** for common hardware and software issues.
- Administered user accounts in **Active Directory** and **Azure AD**, including creation for new hires and secure disabling for leavers, processing an average of **20 requests daily**.
- Provided **mobile device support** for corporate iOS and Android phones, handling setup, distribution, and incident resolution for a fleet of over **150 devices**.
- Supported **MS Office and SAP applications**, troubleshooting user issues and coordinating with System Admins for complex problems, ensuring minimal disruption to business operations.
- Configured and managed **Windows 10/11 desktop environments**, including file and printer sharing setup within a **Windows network infrastructure**.
- Assisted with **PC hardware maintenance**, including component replacement such as hard drives and power supplies, ensuring rapid turnaround for critical user equipment.

SKILLS

Desktop Applications – MS Office Suite, SAP, Adobe, Bluebeam

Networking – TCP/IP, VPN, Switching, Routing, Network Infrastructure

Remote Support Tools – LogMeIn, GoToAssist, VNC, Team Viewer, RDP

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Development & CI/CD – Python, Java, Spring Boot, REST APIs, Docker, Git, Jenkins

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Systems Support & Integration Platform

- Developed **Python automation scripts** to streamline ETL processes for data validation and reporting from disparate enterprise systems, reducing manual effort by **30%**.
- Managed **change-control processes** for system configuration updates and coordinated User Acceptance Testing (UAT) across interconnected ERP and operational platforms.

- Supported cross-system integrations via **REST APIs** and direct database flows (PostgreSQL, Oracle), ensuring data consistency across critical business applications.

Financial Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** by implementing real-time transaction monitoring and operational alerting for failed payment messages, improving incident detection speed by **40%**.
- Collaborated with business analysts to gather requirements for new features and provided post-implementation triage support, ensuring alignment with client operational needs.
- Maintained production environments with strict SLAs, focusing on audit trail integrity and adherence to **GDPR** data handling principles.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
