

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed the **decommissioning of network and power cables** in a high-density data centre environment, adhering strictly to **standard operating procedures** and safety checklists.
- Executed **hardware removals (DBD)** for enterprise servers and IT components, following detailed, step-by-step guides with zero data processing or scanning.
- Performed **physical audits of data centre assets**, meticulously documenting equipment details and locations using **Microsoft Excel** for inventory tracking.
- Assisted senior technicians with the **preparation, staging, startup, and shutdown of IT hardware**, ensuring all actions were guided by written procedures.
- Organized and staged **power and network cabling** during decommissioning phases, ensuring clear labeling and efficient routing for subsequent stages.
- Supported the **installation and replacement of IT equipment** within data centre racks, working collaboratively within a team to meet project timelines.

SKILLS

Core IT Skills – Computer hardware, Servers, IT components, Physical data centre work, Cable management, Rack and stack, Asset tagging, Physical inventory audits, Decommissioning projects, Migration projects.

Software & Tools – Microsoft Outlook, Microsoft Excel, Microsoft Word, Jira, Confluence, Jenkins, Git.

Cloud & OS – AWS (EC2, S3, Lambda, CloudWatch), Linux, Docker.

Programming & Scripting – Python, Java, SQL, Spring Boot.

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data modelling, Data warehousing.

Enterprise Systems – ERP integration support, Change-management, Production support, Monitoring, Incident response.

Networking – Network cabling, Network hardware.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Data Centre Hardware Decommissioning Project (HCL Technologies)

- Executed the systematic **decommissioning of servers and network hardware** in a large-scale data centre, following precise checklists for hardware removal and staging.
- Managed the **removal and organization of extensive network and power cabling**, ensuring clear labeling and adherence to safety protocols in a live environment.

- Conducted **physical audits of decommissioned assets**, cross-referencing inventory with existing documentation to ensure accuracy and completeness for asset tracking.

IT Asset Inventory and Audit System (MSc Data Analytics)

- Developed an interactive **Power BI dashboard** to visualize asset inventory data, enabling stakeholders to track hardware status, location, and lifecycle.
- Designed and implemented **data models and DAX measures** to support detailed querying and reporting on IT assets, including server configurations and cable management status.
- Extracted, transformed, and loaded asset data from multiple sources using **Power Query**, ensuring data integrity for the final analytical reports.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
