PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed daily hardware requests, ensuring accurate and timely processing for enterprise operations, directly supporting **manufacturing and distribution** functions.
- Executed hardware receiving, inspection, and put-away processes, maintaining **99.5% inventory accuracy** through diligent cycle counting and system data entry using **Oracle applications**.
- Configured and installed various hardware devices, including laptops and network equipment, for internal distribution to over **100 network sites** annually.
- Refined and updated operational procedures for hardware handling and distribution, resulting in a **15% reduction in processing errors** and improved compliance with company policies.
- Analyzed operational data and generated daily status reports for management, providing insights into performance trends and recommending strategies to accelerate productivity.
- Resolved basic hardware troubleshooting issues independently, escalating complex problems with detailed documentation to the management team for swift resolution.

SKILLS

Operations & Logistics – Hardware Operations, Inventory Management, Cycle Counting, Shipping, Receiving, Distribution, Material Planning, Hardware Configuration, Parcel Carrier Procedures, Transportation Networks.

System & Data Management – Oracle Applications, Data Entry, System Transactions, Operational Reporting, Data Analysis, Procedure Updates.

Technical Skills – Desktop Support, PC Repair, Network Equipment, Laptop Configuration, Hardware Setup, Hardware Installation, Basic Troubleshooting.

Tools & Methodologies – Microsoft Office, Agile Methodologies, Process Improvement, Problem Solving, Change Management, UAT Support.

Professional Attributes – Attention to Detail, Organizational Skills, Follow-Through, Multitasking, Analytical Skills, Meeting Deadlines, Customer Service, Interpersonal Skills, Communication Skills.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Hardware Operations Workflow Optimization

- Developed and implemented a streamlined workflow for processing daily hardware requests, reducing average request fulfillment time by **20%**.

- Automated data entry for hardware receiving and put-away using **Python scripts**, improving data accuracy and reducing manual effort by **30%**.
- Designed and generated daily operational reports using **Power BI** to track key metrics such as inventory accuracy and request turnaround time for management review.

Enterprise Asset Management Dashboard

- Built an interactive dashboard using **Power BI** to monitor enterprise hardware assets across multiple distribution centers, providing real-time visibility.
- Integrated data from various sources, including inventory systems and shipping logs, using **Power Query** for data transformation and analysis.
- Created custom **DAX measures** to calculate asset utilization rates and identify potential cost-saving opportunities, presenting findings to stakeholders.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
