PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed end-to-end recruitment processes for graduate, junior, and mid-level engineering and support roles, coordinating with hiring managers to define needs and timelines.
- Posted and actively managed job advertisements across multiple platforms including job boards, LinkedIn, and the company careers page, ensuring maximum visibility.
- Screened high volumes of CVs and initiated candidate outreach, scheduling initial interviews and maintaining clear communication channels with applicants.
- Maintained and meticulously updated the **applicant tracking system (ATS)**, ensuring accurate record-keeping and data integrity for all candidate interactions.
- Collaborated with recruitment agencies and external partners, managing relationships to supplement internal sourcing efforts.
- Assisted in the coordination of offer negotiations and contract finalization for successful candidates, ensuring a smooth transition to onboarding.

PROJECTS

Graduate Engineering Recruitment Pipeline Optimization

- Developed and implemented an automated CV screening process using Python scripts to filter candidates based on key criteria, reducing initial review time by **40%**.
- Designed and managed a centralized database for tracking graduate candidate progress through the recruitment funnel, improving visibility for hiring managers.

- Created engaging content for graduate recruitment campaigns across LinkedIn and the company careers page, resulting in a **25% increase** in qualified applicant submissions.

Talent Acquisition Dashboard for Engineering Roles

- Built an interactive dashboard in **Power BI** to visualize key recruitment metrics including time-to-hire, source effectiveness, and candidate pipeline status for engineering positions.
- Integrated data from the **ATS** and LinkedIn Recruiter to provide a holistic view of talent acquisition performance, enabling data-informed strategic decisions.
- Presented regular performance reports to the People team and engineering leadership, highlighting areas for improvement and success stories.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
