PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed and optimized **Microsoft Entra ID (Azure AD)** configurations to enforce identity governance, conditional access policies, and multi-factor authentication (MFA), enhancing security posture for over 500 users.
- Deployed and administered **Microsoft Intune** for comprehensive device compliance, efficient application deployment, and standardized endpoint configurations across a fleet of 300+ corporate devices.
- Configured and maintained **Microsoft Defender XDR** solutions, including Defender for Endpoint and Defender for Office 365, reducing security alert volume by **15%** through proactive threat hunting.
- Responded to and investigated security alerts using **Microsoft Sentinel** and other SIEM tools, performing Level 3 incident management and providing detailed remediation strategies for critical security events.
- Implemented **Zero Trust principles** across identity, device, and application layers, significantly strengthening the security perimeter and reducing attack surface by an estimated **20%**.
- Documented detailed configurations, security policies, and operational procedures for cloud and security infrastructure, contributing to a **10%** reduction in incident resolution time through improved knowledge sharing.

SKILLS

Cloud & Security Platforms – Microsoft Entra ID (Azure AD), Microsoft Intune, Microsoft Defender XDR, Microsoft Sentinel, AWS (EC2, S3, Lambda, CloudWatch)

Security Concepts – Identity Governance, Conditional Access, MFA, Privileged Identity Management (PIM), Role-Based Access Controls, Zero Trust Security Model, Threat Evaluation, Security Incident Response, Phishing Awareness

Endpoint Management – Device Compliance, Application Deployment, Endpoint Configuration

IT Service Management – ITIL, Incident Management, Service Request Management, Problem Management, Change Management, Continual Service Improvement, SIEM Tools

Development & Scripting – Python, Java Spring Boot, REST APIs, SQL (PostgreSQL, MySQL, Oracle), Shell Scripting

DevOps & CI/CD – Docker, Jenkins, Git, Confluence

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Cloud Security Posture Enhancement Initiative

- Implemented **Microsoft Entra ID Conditional Access policies** and MFA to secure access for critical enterprise applications, reducing unauthorized access attempts by **30%**.
- Configured **Microsoft Defender for Endpoint** policies to automate threat detection and response, enabling rapid containment of over 50 potential security incidents.
- Developed comprehensive runbooks for security alert triage and incident response, standardizing procedures and improving team collaboration on security events.

Secure Device Management and Compliance Framework

- Deployed and managed **Microsoft Intune** to enforce device compliance standards and deploy security configurations to a user base of 250+ employees.
- Integrated Intune with Microsoft Defender XDR to provide a unified view of endpoint security health and enable proactive threat mitigation.
- Created detailed documentation and training materials for end-users on security best practices and device management policies, increasing compliance adherence by **25%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
