EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

EV Charging Network Management Dashboard

- Developed a **Power BI** dashboard to visualize real-time status, utilization, and fault diagnostics for a distributed EV charging network.
- Integrated data from charging station APIs and backend systems using **Python** scripting for data aggregation and transformation.

- Implemented interactive features and custom **DAX** measures to enable granular analysis of charging session data and energy consumption patterns.

Automated Transaction Reconciliation System

- Engineered a system using **Java Spring Boot** and **PostgreSQL** to automate the reconciliation of financial transaction data across multiple sources.
- Built **REST APIs** for seamless data ingestion and retrieval, supporting reconciliation workflows for a financial-services client.
- Implemented robust error handling and logging mechanisms using **Splunk**, ensuring audit trail integrity and reducing reconciliation discrepancies by **15%**.
