PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed critical databases, ensuring data integrity for key performance indicators (KPIs) and business operations, which supported proactive data analysis and decision-making.
- Collaborated with external manufacturing partners and internal stakeholders to forecast, schedule, and execute material shipments, accommodating ad-hoc requests to maintain production continuity across **EM operations**.
- Led cross-functional meetings with internal teams and **Contract Manufacturing Organizations (CMOs)** to drive adherence to on-time shipment schedules, reducing delays by **15%**.
- Acted as the primary "Shipment Requestor" for External Manufacturing (EM) operations, and authored/revised **SOPs and Work Instructions** to improve process standardization.
- Analyzed data from production schedules and material readiness, making data-informed recommendations to resolve issues impacting delivery timelines and ensuring **GMP requirements** were met.
- Supported internal departments by providing operational reports and analyses, contributing to continuous improvement initiatives across the **supply chain**.

SKILLS

Logistics & Supply Chain – Shipment Scheduling, Production Schedule Adherence, Material Delivery, Supply Chain Improvement, GMP Requirements, Shipping Industry Requirements

Data Analysis & Reporting – Database Maintenance, Data Integrity, KPI Reporting, Data Analysis, Report Preparation, Business Operations Analysis

Collaboration & Communication – Cross-Functional Meetings, Stakeholder Collaboration, External Partner Management, Interpersonal Skills, Written Communication, Oral Communication

Process Management – SOP Development, Work Instruction Creation, Process Standardization, Change Management

Core Office Tools – Microsoft Excel, Microsoft PowerPoint, Microsoft Word, SharePoint, Box, eRoom

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Supply Chain Operations Dashboard

- Developed a **Power BI dashboard** to visualize key supply chain metrics, including on-time delivery rates and inventory levels, for a simulated logistics enterprise.
- Integrated data from multiple sources using **Power Query**, performing transformations and data modeling to ensure accuracy and consistency for reporting.

- Designed and published interactive reports and **DAX measures** for business stakeholders, enabling them to monitor operational performance and identify bottlenecks.

Production Scheduling & Material Flow Automation

- Automated the generation of daily production schedules and material readiness reports using **Python scripting**, reducing manual processing time by **40%**.
- Implemented REST API integrations between disparate systems to synchronize production data and material movement, improving data flow accuracy across the **enterprise systems**.
- Supported the deployment and monitoring of automated workflows on **AWS EC2** instances, ensuring high availability for critical operational tasks.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
