PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Managed day-to-day support for core enterprise applications, resolving P1/P2 incidents and ensuring adherence to strict SLAs across production environments.
- Developed automated Python scripts for data pipeline execution and scheduled reporting, reducing manual processing time by **30%**.
- Supported and integrated with enterprise business systems, including ERP modules, by managing change control processes and coordinating UAT for system updates.
- Designed and implemented **Power BI** dashboards, translating complex data models into actionable insights for business stakeholders and reducing report generation time by **25%**.
- Collaborated with cross-functional teams and third-party vendors to troubleshoot application issues, translating technical details into non-technical language for business users.
- Maintained comprehensive system documentation, procedures, and support materials, enhancing onboarding efficiency for new team members by **40%**.

SKILLS

Application & Systems Support – Incident Management, Service Request Queues, SLA Tracking, Root Cause Analysis, Continuous Service Improvement, User Acceptance Testing (UAT), System Upgrades, Patching.

Database Management – SQL Developer, PostgreSQL, MySQL, Oracle, Database Tools, Connectivity Troubleshooting.

Cloud & Infrastructure – Azure Virtual Desktop, Citrix, Azure-based environments, Networking Fundamentals, Hardware Support, Laptop/Desktop Imaging, Asset Tracking.

Automation & Scripting – Power Automate, Python, Workflow Automation.

Development & Integration – REST APIs, Java Spring Boot, Python Scripting, ERP Support, Dispatch Systems.

Business Intelligence & Reporting – Power BI, DAX, Data Modelling, Power Query, Tableau, KPI Reports, Dashboards.

Project & Vendor Management – Third-Party Vendor Liaison, Project Delivery, Change Management, Agile/Scrum Methodologies.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of **02/2026**
Ireland, Dublin

BACHELOR OF ENGINEERING in Computer Science – SNS College **01/2021**
of Technology, Coimbatore, India

PROJECTS

Financial Operations Dashboard Enhancement

- Enhanced a financial-services operations dashboard by implementing new monitoring capabilities for transaction flows using **Java Spring Boot**.
- Developed automated Python scripts to parse and validate incoming transaction messages, improving data accuracy for reconciliation workflows by **15%**.
- Collaborated with business analysts to refine alerting mechanisms for failed payment messages, reducing manual intervention by **20%**.

Enterprise Systems Integration & Reporting Platform

- Built a **Power BI** platform to visualize key performance indicators from integrated ERP and dispatch systems, enabling business leaders to track operational metrics.
- Developed custom DAX measures and Power Query scripts to ETL data from multiple relational databases (PostgreSQL, Oracle) into a centralized data model.
- Managed system configuration updates and conducted UAT for cross-system integrations via REST APIs, ensuring seamless data flow across interconnected platforms.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
