PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained custom WordPress themes and integrated ACF fields to deliver bespoke client websites, ensuring pixel-perfect implementation against Figma designs.
- Managed the end-to-end build lifecycle for Shopify e-commerce sites, including theme customization, Liquid templating, and essential app integrations, leading to a **15% increase in site performance**.
- Contributed to the development and support of a financial-services operations dashboard, enhancing transaction monitoring capabilities and reducing critical alert response times by **30%**.
- Automated data validation and reporting processes using Python scripts, streamlining ETL workflows and reducing manual effort for scheduled reports by **40%**.
- Collaborated within cross-functional project teams, taking technical ownership from scoping through QA and live launch for multiple web development projects simultaneously.
- Resolved website updates, fixes, and queries through an internal ticketed support system, maintaining high levels of client satisfaction and service level agreements.

SKILLS

Frontend Development – HTML, CSS, JavaScript, WordPress, Headless CMS, Shopify, ACF, Page Builders, WooCommerce, Liquid Templating

Backend Development – Java Spring Boot, REST APIs, Python, Flask, FastAPI

Databases – SQL, PostgreSQL, MySQL, Oracle
