PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Coordinated site activities, logistics, and sequencing of works between multiple **subcontractors and trades** across a large-scale construction project, ensuring seamless workflow and adherence to the master schedule.
- Assisted in the development and monitoring of **project programmes and schedules**, tracking progress against key milestones and proactively reporting on potential delays, risks, or issues to senior management.
- Liaised effectively with **clients, consultants, engineers, subcontractors, and suppliers** to facilitate clear communication, resolve site-specific challenges, and maintain project momentum.
- Supported **cost control and budgeting** initiatives by tracking expenditures against the project budget, collaborating with Quantity Surveyors to manage financial variances and change orders.
- Conducted regular **site visits** to monitor construction progress, verify quality standards, and ensure compliance with detailed drawings and project specifications, identifying and documenting any deviations.
- Maintained comprehensive **project documentation and records**, including meeting minutes, progress reports, and site inspection logs, ensuring all project information was accurate and readily accessible.

SKILLS

Project Management – Planning, Coordination, Scheduling, Budgeting, Cost Control, Risk Management, Documentation, Reporting, Change Management, Site Management, Quality Assurance, Safety Compliance

Software & Tools – Microsoft Excel, Microsoft Word, Microsoft Project, BIM Tools (Autodesk Revit)

Construction Specifics – Construction Drawings, Specifications, Subcontractor Coordination, Logistics, Site Visits, Health & Safety Procedures

Data Analysis & Reporting – Data Validation, Progress Tracking, KPI Reporting, Stakeholder Updates

Communication & Collaboration – Client Liaison, Teamwork, Interpersonal Skills, Meeting Minutes, Action Item Follow-up

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Construction Project Coordination Platform

- Developed a **centralized platform** to track project timelines, manage subcontractor schedules, and log site activity, improving coordination efficiency by **20%**.
- Integrated features for **document management and reporting**, allowing easy access to drawings, specifications, and progress updates for all project stakeholders.

- Implemented a system for tracking variations and change orders, ensuring all modifications were properly documented and approved before execution.

Site Progress Monitoring and Reporting System

- Designed and implemented a system for **monitoring construction progress** on-site, using a combination of site visit logs and visual progress reports.
- Created automated reports summarizing site issues, quality compliance, and adherence to safety standards, reducing manual reporting time by **30%**.
- Facilitated communication between site teams and project managers by providing a clear and concise overview of project status and potential roadblocks.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
