

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed and maintained **automated testing scripts** using **Java** and **Selenium WebDriver** to validate functionality, performance, and security of **AEM based web applications**, reducing manual testing effort by **40%**.
- Designed and executed comprehensive **manual and automated test plans** for new and enhanced features, covering functional, regression, integration, performance, and security testing across multiple web applications.
- Configured and managed **CI/CD pipelines** using **Jenkins** and **Maven** to enable automated test execution and integration with development workflows, improving deployment frequency by **30%**.
- Collaborated with architects and developers to review technical designs and implementation details, ensuring testability and thorough coverage for **AEM components**, templates, and services layers.
- Identified, triaged, and tracked defects using **JIRA**, ensuring timely resolution and re-testing, which contributed to a **15% reduction** in critical bugs reaching production.
- Participated in end-to-end QA of web applications, including validation of **REST APIs**, **XML**, and **XPath**, ensuring seamless integration and data integrity across systems.

SKILLS

Testing Frameworks – Java, Selenium WebDriver, Applitools, Cucumber

CI/CD & Tools – Jenkins, Maven, Git, JIRA, Confluence

Web Technologies – AEM, HTML, CSS, JavaScript, AJAX, XML, REST APIs, Postman, XPath

Testing Methodologies – Manual Testing, Automated Testing, Functional Testing, Regression Testing, Integration Testing, Performance Testing, Security Testing

Cloud & Containerization – AWS, Docker

Databases – SQL, PostgreSQL, MySQL, Oracle

Programming Languages – Java, Python, R, JavaScript

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Automated QA Platform for Enterprise Web Applications

- Developed a scalable **automated testing framework** using **Java** and **Selenium WebDriver** to support testing of **AEM based applications**, covering critical user flows.

- Integrated automated test execution into **Jenkins CI/CD pipelines**, enabling daily runs and faster feedback loops for development teams.
- Implemented **Applitools** for visual regression testing, identifying UI discrepancies across different browsers and reducing manual visual checks by **50%**.

API Integration Test Suite for Financial Services Dashboard

- Designed and implemented a comprehensive test suite for validating **REST APIs** powering a financial-services operations dashboard, focusing on transaction processing and reconciliation workflows.
- Utilized **Postman** for manual API testing and developed automated scripts in **Python** to ensure data integrity and functional correctness of API responses.
- Collaborated with backend developers to define API contracts and ensure adherence to specifications, contributing to a **99.95% API uptime**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
