PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **CI/CD pipelines** using **Jenkins** and **Git**, automating build, test, and deployment processes for Java Spring Boot applications, reducing deployment time by **40%**.
- Managed and maintained **cloud-native infrastructure** on **AWS** (EC2, S3, Lambda) and container orchestration using **Docker** and basic **Kubernetes** concepts, ensuring 99.9% uptime for critical services.
- Developed **Python scripts** for automating data validation and ETL processes, improving data pipeline efficiency by **30%** and enabling faster reporting cycles.
- Supported **Kubernetes-based deployment workflows**, including the use of **Helm** charts for packaging and managing application deployments, streamlining release management.
- Configured and managed artifact repositories such as **JFrog Artifactory**, ensuring efficient storage and retrieval of build artifacts and dependencies.
- Collaborated with cross-functional teams, including **engineers, architects, and security partners**, to integrate secure delivery practices like **SSO** and access management into the development lifecycle.

SKILLS

DevOps & CI/CD – CI/CD Pipelines, Automation, GitHub, Azure DevOps, TeamCity, Jenkins, Git, JFrog Artifactory

Cloud & Infrastructure – Microsoft Azure, Azure Portal, Kubernetes, Helm, AWS, EC2, S3, Lambda, Docker, Infrastructure as Code, Terraform

Programming & Scripting – Python, Java, Spring Boot, REST APIs

Operations & Support – Production Support, Monitoring, Incident Response, SLA Management, Troubleshooting, Documentation, Runbooks

Security & Compliance – Secure Delivery, SSO, Access Management, Security Scanning, GDPR Awareness

Data & Analytics – Power BI, DAX, Tableau, SQL, PostgreSQL, MySQL, Oracle, Data Warehousing

Methodologies – Agile, Scrum

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Cloud-Native Deployment Pipeline

- Engineered a **GitOps deployment pipeline** for multi-region Kubernetes workloads, integrating **GitHub Actions** for automated builds and deployments.

- Implemented **Infrastructure as Code** using **Terraform** to provision and manage Azure cloud resources, ensuring consistent and repeatable environments.
- Supported **secure delivery practices** by integrating **security scanning** tools and managing **access controls** within the CI/CD workflow.

Payments Operations Dashboard Enhancement

- Developed and maintained **transaction monitoring** and reconciliation workflows for a financial-services operations dashboard using **Java Spring Boot** and **PostgreSQL**.
- Automated operational alerting for failed payment messages, contributing to a **15% reduction** in critical incident response times.
- Collaborated with business analysts to gather requirements for new features and provide post-implementation support for the **payments operations dashboard**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
