

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Configured and troubleshoot enterprise-level network infrastructure including **routers, switches, and firewalls**, ensuring 99.95% uptime for critical financial services operations.
- Automated network configuration deployments and compliance checks using **Ansible** and **Python**, reducing manual intervention by **40%** and minimizing configuration drift.
- Developed and implemented comprehensive test plans for network software and systems, identifying and resolving over **150** critical errors prior to production deployment.
- Provided 2nd level support for daily network infrastructure issues reported via the **Service Now** platform, resolving an average of **15 tickets** per week within SLA targets.
- Analyzed network alerts and events from platforms like **Solarwinds** and **Logic Monitor**, collaborating with senior engineers to implement timely and effective resolutions.
- Managed and maintained the working condition of network infrastructure within Tralee Telecommunication Rooms, including performing **copper and fiber cable structure work** and associated component upkeep.

SKILLS

Networking – Routers, Switches, Firewalls, Load Balancers, Palo Alto, Checkpoint, Cisco, F5, Gigamon, OSPF, BGP, EIGRP, NAT, LACP, CDP, UDLD, VPC, DNS, DHCP, LAN, MAN, WAN, SD Access, SD WAN, WiFi, OSI Layers 1-7, Copper Cabling, Fiber Cabling

Network Management – Cisco ISE, Cisco DNAC, Solarwinds, Logic Monitor, NetBrain

Automation & Scripting – Ansible, Python

Cloud & Virtualization – AWS, EC2, S3, Lambda, CloudWatch, Docker

Operating Systems – Linux

Development & Support Tools – Java, Spring Boot, REST APIs, SQL, PostgreSQL, MySQL, Oracle, Jenkins, Git, Jira, Confluence, Splunk, Dynatrace, Service Now

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Network Automation and Deployment Platform

- Developed a Python-based automation framework to streamline the deployment and configuration of network devices, supporting over **500 network elements**.
- Integrated the automation platform with Jenkins CI/CD pipelines, enabling automated testing and validation of network configurations before rollout.

- Implemented robust error handling and logging mechanisms, improving issue detection and resolution times by **30%** for routine network changes.

Network Security and Threat Analysis Dashboard

- Designed and implemented a dashboard using Power BI to visualize network security threats and incident response metrics, consolidating data from multiple security tools.
- Developed complex DAX measures to track Mean Time To Detect (MTTD) and Mean Time To Respond (MTTR) for security breaches, providing actionable insights to security operations.
- Collaborated with cybersecurity teams to define key performance indicators and ensure the dashboard accurately reflected the security posture of the network infrastructure.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
