PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Administered and maintained critical hospital ICT application systems, ensuring **99.9% uptime** for core functionalities and supporting daily operations.
- Managed application administration and configuration for a portfolio of enterprise systems, including troubleshooting complex issues and implementing necessary fixes.
- Collaborated with external **software suppliers** to resolve application defects, review proposed changes, and conduct thorough testing of new releases, improving deployment success rates by **15%**.
- Provided **Level 2/3 application support** for enterprise systems, analyzing incident patterns to identify root causes and implement preventative measures, reducing recurring P1 incidents by **20%**.
- Contributed to **change management** processes by documenting, testing, and coordinating the deployment of application updates and configurations, ensuring minimal disruption to end-users.
- Supported cross-functional teams by providing technical expertise on application capabilities and limitations, facilitating UAT cycles and post-implementation reviews.

SKILLS

Application Support – Issue Troubleshooting, Application Administration, Configuration, Incident Management, SLA Management, Problem Solving

IT Service Management – ITIL Foundation, Change Management, Release Management, UAT Coordination

Technical Skills – SQL, Python, Java, Spring Boot, REST APIs, AWS, Docker, Linux

Monitoring & Reporting – Splunk, Dynatrace, CloudWatch, Power BI, Tableau, DAX, Power Query

Enterprise Systems – ERP Systems, Business Systems Integration, CRM Support

Collaboration & Communication – User Liaison, Stakeholder Management, Cross-functional Teams, Interpersonal Skills

Project & Process Management – Agile Methodologies, Scrum, Confluence, Jira

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Hospital Patient Management System Enhancement

- Supported the administration and configuration of a core **Patient Management System**, resolving over 100 user-reported issues per month to maintain operational continuity.
- Collaborated with the system vendor on patching and minor release testing, ensuring seamless integration with existing hospital workflows and reducing user-reported bugs by **18%** post-deployment.

- Developed **SQL scripts** for data validation and reconciliation tasks, supporting the finance department's billing accuracy and reducing manual data correction efforts by **25%**.

Clinical Reporting Dashboard

- Designed and developed interactive **Power BI dashboards** to visualize key hospital performance indicators (KPIs) for clinical leadership, improving data accessibility for strategic decision-making.
- Extracted, transformed, and loaded data from multiple hospital databases using **Power Query** and **DAX**, creating a unified data model for reporting on patient outcomes and resource utilization.
- Published and maintained **reporting solutions** on the Power BI service, providing stakeholders with up-to-date insights and enabling faster identification of operational trends.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
