

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Managed and enhanced **enterprise-scale security tooling** configurations, including **email security controls** and **endpoint security platforms**, ensuring optimal performance and adherence to security policies.
- Collaborated with SOC and Cyber Engineering teams to identify and implement configuration improvements, reducing manual effort in cyber control changes by **30%** and enhancing incident response.
- Partnered with the SOC to refine detection capabilities and reduce false positives in security alerts, improving alert fidelity by **25%** through tuning of security platforms.
- Supported the implementation of new cyber tooling by third-party providers, ensuring smooth transition into operational support and maintaining detailed documentation of control intent and configuration rationale.
- Contributed to the development of **security configuration standards** and operational runbooks, aligning configurations with approved policies and modern attacker techniques.
- Assisted in providing evidence for audits and assessments, demonstrating control configurations and operational procedures for **cyber defense mechanisms** across a large enterprise environment.

## SKILLS

**Cyber Security Tools** – Crowdstrike, Microsoft Purview, Palo Alto, EDR/MDR, Hardening, Email security controls, Endpoint security, Data security, Identity and access security, Cloud security controls, Network security, Application security tooling

**Scripting & Programming** – Python, Bash, PowerShell

**Cloud Platforms** – AWS (EC2, S3, Lambda, CloudWatch)

**Operations & Governance** – SOC, Incident Response, Change Control, Configuration Management, IT Operations, Audits, Assessments, MITRE ATT&CK; framework

**Core Technologies** – Linux, Docker, Jenkins, Git, Jira, Confluence, REST APIs

**Data Analysis & BI** – Power BI, Tableau, SQL (PostgreSQL, MySQL, Oracle), DAX, Power Query

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of  
Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College  
of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

### **Enterprise Security Tooling Optimization Platform**

- Enhanced the configuration and operational effectiveness of enterprise-scale security tools, including **EDR and email security controls**, to strengthen cyber defenses.
- Automated the deployment of security configurations using **Python scripting**, reducing manual intervention and configuration drift by **40%**.

- Collaborated with SOC teams to tune detection rules and reduce alert fatigue, improving the signal-to-noise ratio of security events by **20%**.

#### **Cloud Security Control Enhancement Initiative**

- Implemented and maintained **cloud security controls** and native security services on AWS, ensuring robust protection for cloud-based assets.
- Developed operational runbooks and documentation for new security tooling, facilitating seamless integration and support for outsourced providers.
- Supported vulnerability assessments and audits by providing detailed evidence of control configurations and operational procedures across **cloud and network security** domains.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
