PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Responded to **over 500** user requests via chat, email, and phone, diagnosing and resolving common **macOS** hardware, software, and connectivity issues within established **SLAs**.
- Managed the **Service Desk ticket queue**, accurately documenting incidents, requests, and troubleshooting steps in the ticketing system, ensuring **98%** ticket closure rate within target resolution times.
- Supported user onboarding and offboarding processes, managing **user access and account requests** for new hires and departing employees in accordance with access management protocols.
- Monitored and followed up on open issues, providing clear user communication and status updates to ensure timely resolution, maintaining a **95%** customer satisfaction score.
- Prepared regular activity updates and basic reports on ticket volume, resolution times, and common issue categories for IT management.
- Assisted with routine maintenance and monitoring of workplace technology, including standard applications like **Microsoft 365** and printer support, contributing to a **15%** reduction in recurring hardware issues.

SKILLS

Operating Systems – macOS, Linux

Productivity Software – Microsoft 365 (Outlook, Teams, OneDrive, SharePoint)

IT Support Tools – Service Desk Ticketing Systems, MDM (Mosyle), Knowledge Base Management

Networking – Wi-Fi, VPN, DNS, IP Addressing

Hardware Support – Apple Hardware (Mac laptops/desktops), Printers, Peripherals

Cloud Services – AWS (EC2, S3, Lambda, CloudWatch)

Programming & Scripting – Python, Java, SQL

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

IT Support Automation for Enterprise Workflows

- Developed **Python scripts** to automate routine IT support tasks, including log analysis and basic diagnostic checks, reducing manual effort by **20%**.
- Created and maintained documentation for common troubleshooting procedures and user guides within a **Confluence** knowledge base, improving self-service resolution rates.

- Integrated with **Jira** to streamline incident tracking and reporting, ensuring accurate data capture for performance analysis and SLA adherence.

Endpoint Management and Monitoring Dashboard

- Implemented and managed device enrolment and configuration using **Mosyle MDM** for a fleet of **100+** macOS devices.
- Designed and built an operational dashboard using **Power BI** to visualize key IT support metrics, including ticket volume, resolution times, and common hardware/software issues.
- Analyzed support ticket data to identify trends and recurring issues, providing actionable insights to the IT team that contributed to a **10%** improvement in first-contact resolution.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
