PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Managed the **Qualtrics platform**, overseeing its configuration and ensuring optimal performance for large-scale survey deployments, directly supporting over **500 internal stakeholders**.
- Designed and implemented **custom surveys and data collection tools** within the Qualtrics environment, incorporating advanced branching logic and quota management to enhance data capture efficiency.
- Analyzed complex survey datasets using **Power BI** and advanced **DAX measures**, generating comprehensive reports and interactive dashboards that translated raw data into actionable business insights for executive review.
- Collaborated with cross-functional teams, including business analysts and operations, to gather requirements and translate them into **effective survey solutions**, ensuring alignment with strategic objectives.
- Provided comprehensive training and ongoing support to internal users on **Qualtrics platform** features and best practices, increasing platform adoption by **30%** within the first quarter.
- Ensured rigorous **data quality and integrity** throughout the survey lifecycle by developing validation rules and conducting regular data audits, reducing data anomalies by **15%**.

SKILLS

Survey Platforms – Qualtrics, SurveyMonkey

Data Analysis & Visualization – Power BI, Tableau, Excel, DAX, Power Query

Programming & Scripting – Python, SQL, R

Business Intelligence – Dashboard Development, Data Modelling, ETL, Data Warehousing

Project Management – Agile Methodologies, Scrum, Stakeholder Management, Cross-functional Collaboration

Web Technologies – REST APIs, HTML, CSS

Statistical Analysis – Hypothesis Testing, Regression Analysis, A/B Testing

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Customer Experience Analytics Dashboard

- Developed an interactive **Power BI dashboard** to visualize customer feedback data collected via Qualtrics, consolidating insights from multiple survey waves.
- Implemented complex **DAX measures** for key performance indicators (KPIs) such as Net Promoter Score (NPS) and Customer Satisfaction (CSAT), enabling trend analysis and performance tracking.

- Automated data refresh and report publishing processes, ensuring stakeholders received timely and up-to-date insights into customer sentiment and operational performance.

Financial Operations Data Integration & Reporting

- Built **Python scripts** to extract, transform, and load (ETL) transaction data from disparate financial systems into a centralized data warehouse for reconciliation workflows.
- Designed and maintained **SQL queries** across PostgreSQL and Oracle databases to validate data integrity and support ad-hoc reporting requests for operational teams.
- Supported the development of a payments operations dashboard by ensuring reliable data feeds, contributing to improved transaction monitoring and incident response times.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
