PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Provided **Tier 2 technical support** for faculty, staff, and students, resolving hardware and software issues on **Windows and macOS workstations**, achieving a **95% first-contact resolution rate**.
- Managed the deployment and configuration of new **desktop hardware and software installations** across campus, ensuring **timely delivery** for onboarding new university personnel.
- Responded to and resolved **customer service desk tickets**, prioritizing urgent requests and escalating complex issues to senior IT staff while maintaining **SLA compliance**.
- Supported the integration of **enterprise business systems**, troubleshooting connectivity and data flow issues for users interacting with **ERP modules** and operational platforms.
- Automated routine IT support tasks using **Python scripting**, including user account management and software update deployment, reducing manual effort by **30%**.
- Contributed to the development and maintenance of **IT support documentation** and knowledge base articles, enhancing user self-service capabilities and reducing support ticket volume.

SKILLS

Operating Systems – Windows, macOS, Linux

Hardware Support – Workstation Troubleshooting, Installation, Configuration

Software Support – Application Troubleshooting, Installation, Deployment, Patch Management

Networking – TCP/IP, DNS, DHCP, VPN

Support Tools – Service Desk Ticketing Systems, Remote Desktop Tools, Jira, Confluence

Scripting & Automation – Python, Shell Scripting

Databases – SQL, PostgreSQL, MySQL

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

University IT Service Desk Enhancement Initiative

- Developed a **Python-based script** to automate the triage and initial response for common service desk requests, reducing average ticket response time by **20%**.
- Created comprehensive **troubleshooting guides** for prevalent hardware and software issues, empowering Tier 1 support staff and end-users.

- Assisted in the deployment and configuration of new **standardized software packages** across the university's desktop fleet, ensuring consistency and security.

Campus Application Deployment Automation

- Implemented a **CI/CD pipeline** using Jenkins to automate the build, testing, and deployment of internal university applications.
- Managed application dependencies and configurations using **Docker containers**, ensuring consistent environments from development to production.
- Collaborated with development teams to integrate automated testing into the deployment process, improving application stability and reducing post-deployment defects by **15%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
