## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Managed a portfolio of structured finance deals, ensuring accurate Invoice Collection, Investor report validation, and Servicer data collection, maintaining **99.8%** data integrity.
- Acted as the primary client contact for a portfolio of ABS, RMBS, and CMBS transactions, resolving complex issues and ensuring adherence to deal-specific requirements.
- Maintained precise ledgers for a portfolio of deals, accurately reflecting balance and transaction details, leading to a **15%** reduction in reconciliation discrepancies.
- Instructed external payments for a portfolio of structured finance deals, processing over **\$500M** in transactions monthly while adhering to strict settlement deadlines.
- Interpreted complex transaction documents to decipher intricate cash movements and legal requirements, ensuring accurate operational execution and compliance.
- Liaised with operations teams on the implementation of new transactions, facilitating smooth onboarding and reducing setup time by **10%** through clear communication and process refinement.

## SKILLS

**Financial Services** – Structured Finance, ABS, RMBS, CMBS, Loan Servicing, Cash Management, Relationship Management, Trustee Services, Agent Bank, Collateral Administrator, Custodian, Escrow Agent, Facility Agent, Paying Agent, Security Agent, Transfer Agent

**Core Competencies** – Transaction Management, Client Relationship Management, Investor Reporting, Data Validation, Reconciliations, Issue Resolution, Regulatory Compliance, Process Improvement, Attention to Detail, Deadline Management

**Financial Operations** – Invoice Collection, Loan Collection, Interest Payment Dates (IPD), Cash Flow Management, Transaction Processing, Ledger Maintenance, External Payments

**Technical Skills** – Advanced Excel, Macros, SQL, Python, Java, Spring Boot, REST APIs, AWS, Docker, Linux, Git, Jenkins, Jira, Confluence

**Data Analysis & BI** – Power BI, DAX, Tableau, R, pandas, NumPy, scikit-learn, Data Warehousing, ETL, Business Intelligence

**Enterprise Systems** – ERP Integration Support, Change Management, UAT Coordination

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

**Payments Reconciliation & Transaction Monitoring Dashboard**

- Developed a Java Spring Boot-based dashboard to monitor real-time transaction flows and operational alerts for a financial services client, improving visibility into payment processing status.
- Implemented automated reconciliation workflows using Python scripts that compared ledger entries against external payment messages, reducing manual reconciliation effort by **40%**.
- Integrated with Splunk for log analysis and Dynatrace for application performance monitoring, ensuring high availability and rapid incident response for the payments operations platform.

#### **Structured Finance Deal Portfolio Management System**

- Designed and implemented a system to manage key metrics for a portfolio of structured finance deals, including invoice collection status, investor report validation timelines, and loan servicing data.
- Built interactive reports and dashboards using **Power BI** and **DAX** to visualize deal performance, identify potential risks, and provide stakeholders with actionable insights, enhancing decision-making speed.
- Automated servicer data collection and IPD reconciliations using **Python** and **SQL** queries against PostgreSQL, decreasing processing time for these critical tasks by **25%**.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
