PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Supported the Purchasing Manager in day-to-day operations, managing incoming supplier inquiries and internal stakeholder requests, improving response times by **15%** through structured ticket management.
- Assisted in organizing supplier information and documentation, digitizing and categorizing over **500** supplier records using internal systems and **Confluence**, enhancing data accessibility for procurement teams.
- Prepared comprehensive reports and presentations on market trends and supplier performance metrics for senior management, consolidating data from multiple sources into actionable insights.
- Collaborated with Engineering and R&D; teams to conduct roadmap and design reviews with key suppliers, ensuring alignment on component specifications and project timelines.
- Participated in projects focused on purchasing process improvement, analyzing existing workflows and proposing enhancements that reduced manual data entry by an estimated **20%**.
- Monitored supplier performance against established SLAs and KPIs, conducting regular follow-ups to address deviations and drive continuous improvement initiatives.

SKILLS

Purchasing & Procurement – Supplier Identification, Supplier Documentation, Supplier Negotiation, RFQ Management, Market Trend Analysis, Supplier Performance Monitoring, Commercial Conditions

Reporting & Analytics – Data Analysis, Report Preparation, Presentation Development, KPI Monitoring, Google Suite, Microsoft Office

Collaboration & Communication – Internal Department Coordination, External Partner Management, Interpersonal Skills, Team Player Mentality, Fluent English

Process Improvement – Purchasing Process Improvement, Workflow Analysis, Documentation Management

Technical Skills – SQL, Python, Java, Spring Boot, REST APIs, AWS, Docker, Linux, Git, Jenkins, Jira, Confluence, Power BI, Tableau, R, pandas, NumPy, scikit-learn

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Supplier Performance Analytics Dashboard

- Developed an interactive dashboard using **Power BI** to visualize key supplier performance metrics, including on-time delivery rates, quality scores, and cost adherence.
- Integrated data from multiple sources, including ERP systems and manual input logs, using **Power Query** for data transformation and modelling.

- Automated monthly report generation, providing stakeholders with timely insights into supplier reliability and identifying areas for negotiation.

Procurement Process Automation Initiative

- Designed and implemented a **Python** script to automate the initial screening of supplier documentation, reducing manual review time by **30%**.
- Integrated the script with an internal ticketing system via **REST APIs** to manage the workflow of document submissions and approvals.
- Contributed to change-control management for updates to procurement system configurations, ensuring smooth integration and post-go-live support.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
