PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed and updated the **facilities service request system**, ensuring timely resolution of employee and operational needs, reducing average ticket closure time by 15%.
- Maintained comprehensive records for **service contracts and service level agreements (SLAs)**, tracking vendor performance and ensuring compliance with contractual obligations.
- Reconciled **purchase orders and invoices** against completed facilities services and projects, identifying discrepancies and ensuring financial accuracy for over **\$50K** in monthly expenditures.
- Scheduled and coordinated **contractor visits** and ad-hoc maintenance calls, proactively managing vendor schedules to minimize disruption to production and office operations.
- Assisted in the compilation and maintenance of **asset registers**, cataloging equipment and facilities components to support inventory management and depreciation tracking.
- Supported **EHS and Health & Safety compliance** by updating and organizing records, contributing to a safer working environment and adherence to regulatory standards.

SKILLS

Administration – Purchase Requisitions, Invoice Reconciliation, Contract Management, Vendor Management, Service Level Agreements, Asset Registers, Facilities Management, EHS Compliance, Health & Safety Records, Office Space Planning

Software & Tools – Microsoft Office Suite, Power BI, Tableau, Jira, Confluence, Splunk, Dynatrace, CloudWatch, Jenkins

Programming & Scripting – Python, Java, SQL, Spring Boot, R

Databases – PostgreSQL, MySQL, Oracle

Cloud & Infrastructure – AWS, EC2, S3, Lambda, Docker, Linux

Project & Operations – Agile/Scrum, Change Management, UAT Support, Incident Response, Production Support, Data Analysis, Data Warehousing

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Facilities Operations Dashboard and Reporting System

- Developed a **Power BI dashboard** to visualize key facilities metrics including service request status, contract renewal dates, and invoice aging.

- Integrated data from multiple sources, including a facilities service request system and vendor contract database, using **Power Query** for ETL.
- Automated the generation of monthly **service reports** for management, highlighting SLA adherence and contractor performance trends, improving visibility by **30%**.

Enterprise System Integration and Support Platform

- Supported and integrated with **enterprise business systems**, including ERP modules, facilitating seamless data flow via REST APIs and direct database connections.
- Managed **change-control processes** for system configuration updates and coordinated User Acceptance Testing (UAT) across interconnected platforms.
- Developed Python scripts to automate data validation and reconciliation tasks between disparate systems, reducing manual effort by an estimated **20 hours** per month.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
