PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Managed user identity and access permissions for enterprise customers across **Entra ID** environments, ensuring compliance with security policies and reducing unauthorized access incidents by **15%**.
- Administered **Microsoft 365** platforms, including **Teams**, **SharePoint**, and **Exchange Online**, resolving complex support escalations and improving service uptime by **99.95%**.
- Developed automation scripts using **PowerShell** and **Azure CLI** to streamline operational tasks and deploy Azure resources, reducing manual intervention time by **30%**.
- Supported the deployment, management, and troubleshooting of **Azure Virtual Desktop (AVD)** environments, including host pools, session hosts, and FSLogix profiles.
- Resolved complex cloud and endpoint support issues across multiple client environments, maintaining adherence to strict SLAs and achieving an average ticket resolution time of **4 hours**.
- Managed Windows endpoint configurations and device management through **Intune**, ensuring consistent policy application and security posture across a diverse fleet.

SKILLS

Cloud Platforms – Microsoft Azure, Azure Virtual Desktop, Azure Networking, Entra ID, Intune, Microsoft 365, Teams, SharePoint, Exchange Online

Scripting & Automation – PowerShell, Azure CLI

Operating Systems – Linux, Windows Server

Containerization – Docker

Databases – PostgreSQL, MySQL, Oracle

Programming Languages – Java, Python

CI/CD & Version Control – Jenkins, Git

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Cloud Environment Automation

- Automated the provisioning and configuration of **Azure Virtual Desktop** environments using **PowerShell** scripts, enabling faster deployment cycles for new customer instances.
- Implemented robust monitoring and alerting for **Azure infrastructure** services, including virtual networks and NSGs, integrating with **Splunk** for proactive issue detection.

- Managed user access and security group configurations within **Entra ID** for a multi-tenant AVD deployment, ensuring adherence to customer-specific security requirements.

Microsoft 365 Service Health Dashboard

- Developed a **Power BI** dashboard to visualize **Microsoft 365** service health metrics and support ticket trends for enterprise clients, providing actionable insights.
- Configured alerts and automated responses for common **Exchange Online** and **Teams** incidents, reducing manual triage effort by **20%**.
- Integrated data from various **Microsoft 365** services into a centralized reporting database using **Power Query** for comprehensive analysis.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
