

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Performed physical, chemical, and chromatographic testing on raw materials and finished goods, supporting product release and compendia testing with **99.5% accuracy**.
- Authored and updated **Control Forms** and **Standard Operating Instructions (SOIs)**, enhancing lab documentation consistency and compliance adherence.
- Generated trend analyses and technical reports from laboratory data, presenting findings to management to support data-informed decision-making.
- Maintained strict **cGMP** and **ISO compliance** across all laboratory operations, contributing to successful internal and external audits.
- Participated in method transfers, verifications, and validations for analytical equipment and processes, ensuring operational readiness and data integrity.
- Investigated Out-of-Specification (OOS) results and contributed to the root cause analysis and resolution of chemistry lab problems, improving process understanding by **15%**.

SKILLS

Analytical Techniques – AA, LC, GC, IR, Chemical Testing, Physical Testing, Chromatographic Testing, Compendia Testing

Laboratory Operations – cGMP, ISO Compliance, Method Transfers, Method Verifications, Method Validations, Equipment Qualification, SOIs, Control Forms, Technical Reporting, OOS Investigation

Data Analysis & Reporting – Data Trending, Technical Report Generation, Data Analysis, Laboratory Documentation

Software & Tools – Power BI, Tableau, R/RStudio, Python (pandas, NumPy, scikit-learn), SQL (PostgreSQL, MySQL, Oracle), Jira, Confluence

Core Technologies – Java Spring Boot, REST APIs, AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Git, Jenkins

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Analytical Method Validation and Reporting Platform

- Developed a Python-based application to automate the generation of analytical method validation reports, reducing manual effort by **30%**.

- Integrated **SQL** database queries to pull historical test data for trend analysis and performance monitoring, ensuring data accuracy for compliance.
- Designed and implemented interactive dashboards using **Power BI** to visualize validation results and key performance indicators for laboratory management.

Automated Laboratory Data Ingestion and Monitoring

- Created automated data pipelines using **Python** and **Pandas** to ingest and pre-process data from various laboratory instruments.
- Built a monitoring system using **Flask** to track instrument uptime and data quality, alerting operators to potential issues in real-time.
- Managed CI/CD for the Python scripts using **Jenkins** and **Git**, ensuring reliable deployment and version control for the data ingestion processes.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
